

The background of the entire page is a photograph of several large, glowing red lanterns. The lanterns are made of a ribbed material and have a warm, yellowish light emanating from within. They are set against a dark background filled with out-of-focus bokeh lights in shades of blue, purple, and white. The overall atmosphere is festive and celebratory.

## Public Organizations in Asia

**Tobin Im**

Public Organizations in Asia introduces students to the fundamental theories of organizations and teaches them how to analyze different types of public organizations in East and Southeast Asia. Moving away from traditional Western theory and examples, this textbook provides numerous case studies of Asian organizations where different ideologies, administrative tradition, and social circumstances prevail. This textbook is an essential text for undergraduate and graduate courses on public administration in Asia. It will also be a useful supplementary text for courses on comparative public administration.

## Press Freedom in Contemporary Asia

Edited by **Tina Burrett, Jeffrey Kingston**

Based on in-depth country case studies written by academics and journalists, and some who straddle both professions, from across the region, this book explores the roles of mainstream and online media, and how they are subject to abuse by the state and vested interests. Specific country chapters provide up-to-date information on Bangladesh, Kashmir, Malaysia, Myanmar, Nepal, Pakistan, Sri Lanka, Taiwan, Thailand and Vietnam, as well as on growing populist and nationalist challenges to media freedom in the Philippines, India, Indonesia, and Japan.

## East Asia in the World

An Introduction

Edited by Anne Prescott

Series: Foundations in Global Studies

This text offers a fresh, comprehensive, multidisciplinary entry point to East Asia. After a brief introduction to the region, the early chapters survey the essentials of East Asian history; important historical narratives; and the region's languages, religions, and global connections. The second half of the book features interdisciplinary case studies, each of which focuses on a specific country or region and a particular issue. Readers will come away from this book with an understanding of the larger historical, political, and cultural frameworks that shaped East Asia as we know it today, and of current issues that have relevance in Asia and beyond.

## Sino-Japanese Relations After the Cold War

Two Tigers Sharing a Mountain

Michael Yahuda

This textbook traces the relationship between China and Japan during the post-Cold War era, analyzing the politics of their cooperation and competition and their economic interdependence, as East Asia's two greatest powers. Yahuda explores the ways in which politics has shaped notions of history and identity in both China and Japan and explains the role political leadership has played in shaping their respective nationalisms. Concluding by examining the complexities of the relationship, and evaluating the potential for conflict and co-existence between the two countries, this is an essential text for students and scholars of Sino-Japanese and East Asian International Relations.

2ND EDITION

## East Asian Regionalism

**Christopher M. Dent**

East Asia is one of the world's most dynamic and diverse regions. In many ways it continues to become an increasingly coherent region through the inter-play of various integrative economic, political and socio-cultural processes. However, frictions and other forces such as globalisation are having an opposite effect. Fully updated and revised throughout while retaining the key pedagogical features of the first edition, this new edition explores the various inter-related pathways and pitfalls of East Asian regionalism, and presents a generally applicable analytical framework of regionalism based on the 'coherence' concept.

4TH EDITION

## The International Politics of the Asia-Pacific

Fourth and Revised Edition

**Michael Yahuda**

*Series: Politics in Asia*

This fully revised fourth edition brings the subject up-to-date, introducing students to the international politics of the Asia-Pacific region since 1945. As well as assessing the post-war uncertainties that challenged balance and power with the region, the book also examines the first two decades of the new millennium, which includes no let up on the 'war on terror', new political administrations and cooperative security between some nations.

## Introduction to Buddhist Meditation

**Sarah Shaw**

Sarah Shaw's lively and engaging introduction to Buddhist meditation offers students and practitioners alike a deeper understanding of what meditation is, and its purpose and place in the context of different Buddhist schools. She describes the historical background to the geographical spread of Buddhism, and examines the way in which some meditative practices developed as this process occurred. Other chapters cover basic meditative practice, types of meditation, meditation in different regions, meditation and doctrine, and the role of chanting within meditation. Although not a practical guide, it outlines the procedures associated with Buddhist practices and suggests appropriate activities in a non-technical style suitable for both students and interested Buddhists. This unique book is brought to life by vivid quotations from Buddhist texts and richly illustrated with photographs and diagrams.

## Introduction to the Study of Religion

**Hillary P. Rodrigues, John S. Harding**

Why do people study religion? How have they studied it in the past? How do we study religion today? Is the academic study of religion the same as religious education? These and many other questions are addressed in this engaging introduction to the discipline of religious studies, written by two experienced university teachers. The authors have crafted this book to familiarize novice students with key concepts and terminology in the study of religion. More advanced students will find a variety of theoretical perspectives and methodological approaches to the field. The book encourages readers to think critically about the theories and methods presented. Students will find arguments for the strengths and limitations of these approaches, understand connections among religious studies and other intellectual movements, and develop their own ideas of how they might want to go about the study of religion.

## Religion in India

A Historical Introduction

**Fred W. Clothey**

This volume is an ideal introduction to India's fascinating and varied religious history. From prehistory and Indo-European migration through to the modern period, it explores the interactions between different religious movements and engages with some of the liveliest debates in religious studies. Clothey examines the rituals, mythologies, arts, ethics and social and cultural contexts of religion as lived in the past and present on the subcontinent. Topics covered include: the origins and development of Hinduism; minority religions; the influence of colonialism; the spread of Indian religions worldwide; the practice of religion in everyday life; the role of women. Written by an experienced teacher, the book contains maps and illustrations, timelines, a comprehensive glossary, and suggestions for further reading.

## Religions of India

An Introduction

*Edited by* **Sushil Mittal, Gene Thursby**

Written by leading experts in the field, Religions of India provides students with an introduction to India's vibrant religious faiths. To understand its heritage and core values, the beginning chapters introduce the indigenous Dharmic traditions of Hinduism, Jainism, Buddhism, and Sikhism, while the later chapters examine the outside influences of Zoroastrianism, Judaism, Christianity, and Islam. This thoroughly revised second edition combines solid scholarship with clear and lively writing to provide students with an accessible and comprehensive introduction to religion in India.

## Religious Traditions in Modern South Asia

**Jacqueline Suthren Hirst, John Zavos**

This book offers a fresh approach to the study of religion in modern South Asia. It uses a series of case studies to explore the development of religious ideas and practices, giving students an understanding of the social, political and historical context. It looks at some familiar themes in the study of religion, such as deity, authoritative texts, myth, worship, teacher traditions and caste, and some of the key ways in which Buddhism, Hinduism, Islam and Sikhism in South Asia have been shaped in the modern period. The book points to the diversity of ways of looking at religious traditions and considers the impact of gender, politics, and the way religion itself is variously understood.

## South Asian Buddhism

A Survey

**Stephen C. Berkwitz**

South Asian Buddhism presents a comprehensive historical survey of the full range of Buddhist traditions throughout South Asia from the beginnings of the religion up to the present. It covers: the origins and development of Mahayana Buddhism in South Asia; the development of Buddhist Tantra in South Asia; developments in Buddhism as found in Sri Lanka and Nepal following the decline of the religion in India; the effects of colonialism and modernity on the revivals of Buddhism across South Asia in the nineteenth and twentieth centuries. Incorporating findings from the latest research on Buddhist texts and culture, Berkwitz provides a critical, historically-based survey of South Asian Buddhism that will be useful for students and scholars alike.

## South Asian Religions

Tradition and Today

*Edited by* **Karen Pechilis, Selva J. Raj**

The religious landscape of South Asia is complex and fascinating. While existing literature tends to focus on the majority religions of Hinduism and Buddhism, much less attention is given to Jainism, Sikhism, Islam or Christianity. While not neglecting the majority traditions, this valuable resource also explores the important role which the minority traditions play in the religious life of the subcontinent, covering popular as well as elite expressions of religious faith. By examining the realities of religious life, and the ways in which the traditions are practised on the ground, this book provides an illuminating introduction to religion in South Asia.

## Studying Hinduism in Practice

*Edited by* **Hillary P. Rodrigues**

*Series: Studying Religions in Practice*

Drawing on personal experiences of Hinduism on the ground, this book provides a reflective context within which religious practices can be understood and appreciated. It conveys the rich realities of the Hindu tradition and the academic approaches through which they are studied. The chapters cover a wide range of topics, including dance, music, performance, festival traditions, temples, myth, philosophy, women's practices, and divine possession. The engaging narratives are accompanied by contextual discussions and advice on such topics as conducting fieldwork, colonialism, Hindu seasonal celebrations, understanding deities, and aesthetics in Hinduism. All the entries are accompanied by photographs and suggestions for further reading.

## Introducing East Asia

History, Politics, Economy and Society

**Carin Holroyd**

Introducing East Asia is an ideal textbook for those new to the study of one of the most exciting and important regions in the world. Over the past fifty years, Japan, South Korea, Taiwan and China have become economic powerhouses and leaders in the commercialization of science and technology. The countries are economically and culturally intertwined while at the same time burdened by a history of war and conflict. This textbook focuses on the historical and cultural roots of contemporary political and economic ascendency of East Asia and explores the degree to which East Asian culture and history set up the region for 21st century global leadership.

## Understanding Central Asia

Politics and Contested Transformations

**Sally N. Cummings**

Since Soviet collapse, the independent republics of Kazakhstan, Kyrgyzstan, Tajikistan, Turkmenistan and Uzbekistan have faced tremendous political, economic, and security challenges. Focusing on these five republics, this textbook analyzes the contending understandings of the politics of the past, present and future transformations of Central Asia, including its place in international security and world politics. Analysing the transformation that independence has brought and tracing the geography, history, culture, identity, institutions and economics of Central Asia, it locates 'the political' in the region.

## The Changing Face of Management in China

Edited by **Chris Rowley, Fang Lee Cooke**

Series: *Working in Asia*

China is one of the fastest developing emerging economies in the world today. The Changing Face of Management in China explores the key challenges facing businesses and managers in China, both across management functions, as well as across a range of sectors and organization types. Written by prominent scholars with direct experience in this market, this book adds to the existing body of knowledge by examining a range of areas of Chinese management in the context of local political, economic and social traditions, and the global economy. Part of the successful Working in Asia series, this book includes case studies that allow the voices of local managers to be heard, as well as extensive bibliographies pointing students and researchers to the most up-to-date sources of information in this important area.

## Human Resource Management in China

New Trends and Practices

**Fang Lee Cooke**

The approach to managing human resources has changed significantly in China over the last twenty-five years as its transformation from a state planned economy to a market-oriented economy continues. By adopting a broad notion of HRM, while remaining sympathetic to the strong emphasis on relationship management in the Chinese culture, Fang Lee Cooke builds on the foundations of traditional Chinese HRM practice and brings it right up to date, including analysis of currently under-explored issues such as diversity management, talent management, new pay schemes, and performance management.

## Ancient China

A History

**John S Major, Constance A. Cook**

*Ancient China: A History* surveys the East Asian Heartland Region (the geographical area that eventually became known as China), from the Neolithic period through the Bronze Age. For most of that long span of time there was no such place as "China"; the vast and varied territory of the Heartland Region was home to many diverse cultures that only slowly coalesced to form the first recognizably Chinese empires. The field of Early China studies is currently being revolutionized by many archaeologically recovered texts and artefacts. Major and Cook draw on this new evidence and a wealth of contemporary scholarship to present a leading-edge account of ancient China.

## China and the World since 1945

An International History

**Chi-kwan Mark**

*Series: The Making of the Contemporary World*

The emergence of China as a dominant regional power with global influence is a significant phenomenon in the twenty-first century. *China and the World since 1945* offers an overview of China's involvement in the Korean War, the Sino-Soviet split, Sino-American rapprochement, the end of the Cold War, and globalization. It assesses the roles of security, ideology, and domestic politics in Chinese foreign policy and provides a synthesis of the latest archival-based research on China's diplomatic history and Cold War international history. This engaging new study examines the rise of China from a long-term historical perspective and will be essential to students of Chinese history and contemporary international relations.

## Class and the Communist Party of China, 1921-1978

Revolution and Social Change

**Marc Blecher, David S G Goodman, Yingjie Guo, Jean-Louis Rocca, Tony Saich**

Examining the interaction between the Communist Party of China [CCP] and specific social categories (including peasants, workers, the middle classes and the dominant class), with a focus on class and class discourse, this volume analyses the CCP's impact on social change in China between 1921-1978. Delivering a detailed analysis of how the CCP has developed its practical approaches to class and mobilisation, this study will be of interest to students and scholars of Chinese Politics, Chinese History, Asian Politics and Asian studies.

## Class and the Communist Party of China, 1978-2021

Reform and Market Socialism

**Marc Blecher, David S G Goodman, Yingjie Guo, Jean-Louis Rocca, Beibei Tang**

By examining the changing political economy in China through detailed studies of the peasantry, workers, middle classes, and the dominant class, this volume reveals the Communist Party of China [CCP]'s impact on social change in China between 1978-2021. Providing an in-depth analysis of class as understood by the CCP in conjunction with sociological interpretations of socio-economic and socio-political change, this study will be of interest to students and scholars of Chinese Politics, Chinese History, Asian Politics and Asian studies.

3RD EDITION

## Modern China

**Edwin E. Moise**

The past hundred years in China have seen almost continuous transformation and upheaval. From Confucianist monarchy to warlordism, from fanatically doctrinaire socialist tyranny to almost doctrineless social-capitalism, China has experienced political, cultural and economic disintegration, reunion, and revolution on an unprecedented scale. Beginning with the overthrow of the Emperor in 1911, Moise guides us through a century of ever-unfolding drama with characteristic clarity and balance. Modern China sends us a clear message: the rapid and fundamental change that has framed the last century has not slowed or stalled but acts as a pointer to the near certainty of significant further change. To understand China's future we must understand its past.

## China's Foreign Policy since 1949

Continuity and Change

**Kevin Cai**

Series: *Routledge Contemporary China Series*

This book provides a systematic and comprehensive analysis and overview of China's foreign policy since 1949. It starts with constructing an analytical framework for explaining Chinese foreign policy and then, on the basis of that, outlines and analyzes over time developments in different areas of foreign policy – such as security policy, international economic policy and policy toward multilateralism – and foreign policy toward different areas of the world – such as the United States, East Asia, Europe and developing countries.

## Chinese Politics

State, Society and the Market

Edited by **Daniel Lynch, Stanley Rosen**

Series: *Asia's Transformations*

This textbook argues that both "state" and "society" must be unpacked into more discrete units: Who are the specific actors involved in contesting state legitimacy today? The contributors contend that state-society contestation needs to be situated within the economic context of over 30 years of "Reform and Opening." Finally, what are the implications of state-society contestation for the future viability of the People's Republic?

## Chinese Politics in the Era of Xi Jinping

Renaissance, Reform, or Retrogression?

**Willy Wo-Lap Lam**

Renowned for his coverage of China's elite politics and leadership transitions, veteran Sinologist Willy Lam has produced the first book-length study in English of the rise of Xi Jinping—General Secretary of the Chinese Communist Party (CCP) since November 2012. With rare insight, Lam describes Xi's personal history and his fascination with quasi-Maoist values, the factional politics through which he ascended, the configuration of power of the Fifth-Generation leadership, and the country's likely future directions under the charismatic "princeling."

## Critical Issues in Contemporary China

Unity, Stability and Development

Edited by **Czeslaw Tubilewicz**

Critical Issues in Contemporary China: Unity, Stability and Development comprehensively examines key problems crucial to understanding modern-day China. Organized around three inter-related themes of unity, stability and development, chapters explore distinct issues (such as military transformation, energy security, health and education) and debate their significance for domestic China and Beijing's engagement with the wider world. A fully revised and substantially expanded new edition, this book provides a thorough and up-to-date assessment of major political, social and economic challenges facing China.

## The Chinese Army Today

Tradition and Transformation for the 21st Century

**Dennis J. Blasko**

Series: *Asian Security Studies*

The Chinese Army Today is a comprehensive study of all elements of the Chinese military, focusing on ground forces. This new, revised 2nd edition has been fully updated to take account of recent changes in the institution. Written by a retired professional military officer who has served in China, the text uses first-hand observation of the Chinese military and three decades of military experience to weave many disparate threads from official Chinese statements, documents, and media reports into an integrated whole. The author also conducts an in-depth exploration into the many forces that constitute the People's Liberation Army.

## The Fight for China's Future

Civil Society vs. the Chinese Communist Party

**Willy Wo-Lap Lam**

This book throws light on the quintessence of 21st Century Chinese politics through the prism of the struggle between the Chinese Communist Party (CCP) and China's vibrant intelligentsia and civil society. It examines Xi Jinping's 24-hour, multi-dimensional, AI-enabled police-state apparatus and explores the CCP's policy towards civil society. Through exclusive interviews with activists from different provinces, it analyses the experiences and aspirations of key stakeholders in Chinese society, especially intellectuals, human rights attorneys and Christian worshippers.

## Independent India, 1947-2000

**Wendy Singer**

*Series: Seminar Studies*

Wendy Singer's book is a clear and concise look at post-independence India, addressing all the key themes of the period: industrial development versus the agrarian sector; religious conflict; the rise of political parties; caste tensions. All issues are discussed in a chronological framework, beginning with the making of the constitution in the first five years of independence, through to India's role in the 1971 civil war in Pakistan, the two-year Emergency declared in 1975, the rise of the middle class in the 1980s, and economic and local government reforms in the 1990s. The Assessment section of the book draws the themes together and reflects on recent events such as the testing of nuclear weapons.

## Subalterns and Raj

South Asia since 1600

**Crispin Bates**

*Subalterns and Raj* presents a unique introductory history of India with an account that begins before the period of British rule, and pursues the continuities within that history up to the present day. Its coverage ranges from Mughal India to post-independence Pakistan, Bangladesh and Sri Lanka, with a focus on the 'ordinary' people of India and South Asia. *Subalterns and Raj* examines overlooked issues in Indian social history and highlights controversies between historians. Taking an iconoclastic approach to the elites of South Asia since independence, it is critical of the colonial regime that went before them. This book is a stimulating and controversial read, and with a detailed guide to further reading and end-of-chapter bibliographies, it is an excellent guide for all students of the Indian subcontinent.

## The Politics of Modern India since Independence

**Crispin Bates, Subho Basu**

*Series: Routledge/Edinburgh South Asian Studies Series*

This textbook offers a detailed, jargon-free, chronological survey of Indian political history from 1947 up to the present. It treats political structures as historically determined, induced by economic transformation, state interventions, popular movements and discourses emanating from and reshaping popular discourses. Included are a detailed index, sub-headings, maps and illustrations, as well as a time-line of the events in India's political history since independence. These pedagogical features, as well as text boxes to explain institutions, issues and ideas, and a detailed bibliography will aid student readers navigating the book and assist further study.

## A History of the New India

Past and Present

**Eugene F. Irschick**

Providing a different approach to the history of India than previously advocated, this textbook argues that there was constant interaction between peoples and cultures. This interactive, dialogic approach provides a clear understanding of how power and social relations operated in South Asia. Covering the history of India from Mughal times to the first years of Independence, the book consists of chapters divided roughly between political and thematic questions.

## Understanding India's New Political Economy

A Great Transformation?

*Edited by* **Sanjay Ruparelia, Sanjay Reddy, John Harriss, Stuart Corbridge**

This textbook addresses the three most important large-scale transformations that have reshaped India since 1989: the advent of liberal economic reform, the ascendance of Hindu cultural nationalism, and the empowerment of historically subordinate classes through popular democratic mobilizations. Filling a gap in the literature, it describes, explains and assesses the nexus between these central transformations in a rigorous and integrated manner.

## Politics in India

Structure, Process and Policy

**Subrata Mitra**

The second edition of this textbook brings together general political theory and the comparative method to interpret socio-political phenomena and issues that have occupied the Indian state and society since 1947. It considers the progress that India has made in some of the most challenging aspects of post-colonial politics such as governance, democracy, economic growth, welfare, and citizenship. Looking at the changed global role of India, its standing in the G-20 and BRICS, as well as the implications of the 2014 Indian general elections for state and society, this updated edition also includes sections on the changing socio-political status of women in India, corruption and terrorism.

## Japan in the Heisei Era (1989–2019)

Multidisciplinary Perspectives

Edited by **Noriko Murai, Jeff Kingston, Tina Burrett**

Japan in the Heisei Era (1989-2019) provides a retrospective and multidisciplinary account of a society in flux. Featuring analyses from leading scholars around the globe, this textbook examines evolving contexts of Japan throughout the Heisei era and how longstanding verities and values are being called into question. Asking what this holds for future relations with the world and within its own communities, chapters delve into layers of a complex and increasingly diverse society in the contexts of simmering ethnonationalism, economic torpor, political stagnation and cultural dynamics.

## Politics and Leadership in North Korea

The Guerilla Dynasty

**Adrian Buzo**

Politics and Leadership in North Korea, fully updated in its 2nd edition, presents a comprehensive account of North Korea's political, economic and foreign policies since 1945. Moving away from media representations of North Korea as dangerously dysfunctional, it provides a thorough analysis of Kim Il Sung's vision for the DPRK and demonstrates the consistency of the leaderships' approach to politics, economics and international affairs. Taking into account the important events of the last 15 years, it covers: • the growth of military emphasis in politics • the development of nuclear capabilities • the failure of South Korea's 'sunshine policy' • the growth of private enterprise

## Challenging Southeast Asian Development

The shadows of success

**Jonathan Rigg**

Over the course of the last half century, the growth economies of Southeast Asia – Indonesia, Malaysia, the Philippines, Singapore, Thailand and Vietnam – have transformed themselves into middle income countries. This book looks at how the very success of these economies has bred new challenges, novel problems, and fresh tensions, while hang-overs from years of underdevelopment also sometimes remain to be resolved. Presenting an interesting analysis on the problems of development, this book is an important contribution to Southeast Asian Studies, Development Studies and Environmental Studies.

## ASEAN and Regional Order

Revisiting Security Community in Southeast Asia

**Amitav Acharya**

*Series: Politics in Asia*

Founded in 1967, the Association of Southeast Asian Nations (ASEAN) has emerged as one of the most successful regional organisations in the world. This book discusses the future of ASEAN against a backdrop of a growing US-China rivalry and the security implications of COVID-19. Chapters move through a detailed history of ASEAN and its multilateral institutions, including the ASEAN Regional Forum (ARF) and the East Asia Summit (EAS). Key concepts and terms are unpacked throughout, focussing on changing international and regional environments, economic insecurities, and extensive analysis of the factors challenging the principle ASEAN Centrality and the Indo-Pacific security Architecture.

3RD EDITION

## Constructing a Security Community in Southeast Asia

ASEAN and the Problem of Regional Order

**Amitav Acharya**

*Series: Politics in Asia*

In this third edition of Constructing a Security Community in Southeast Asia, Acharya offers a comprehensive and critical account of the evolution of the Association of Southeast Asian Nations (ASEAN) norms and the viability of the ASEAN way of conflict management. Building on the framework from the first edition, which inspired the establishment the ASEAN Political-Security community, this new edition has been extensively updated and revised based on new primary sources that are not publicly available. The new edition will continue to appeal to students and scholars of Asian security, international relations theory and Southeast Asian studies as well as policymakers and the media.

## Politics in Contemporary Indonesia

Institutional Change, Policy Challenges and Democratic Decline

**Ken M.P. Setiawan, Dirk Tomsa**

In Politics in Contemporary Indonesia, Ken M.P. Setiawan and Dirk Tomsa analyse the most prominent political ideas, institutions, interests and issues that shape Indonesian politics today. Guided by the overarching question whether Indonesia still deserves its famous label as a 'model Muslim democracy', the book will consider and synthesize insights from a range of different approaches to Indonesian politics. Up-to-date, comprehensive, and written in an accessible style, this book will be of interest for both students and scholars of Indonesian politics, Asian Studies, Comparative Politics and International Relations.

## Politics in Contemporary Southeast Asia

Authority, Democracy and Political Change

**Damien Kingsbury**

This book thoroughly assesses the political challenges and changes faced by the countries of Southeast Asia in the 21st century. Focusing on political processes throughout, Kingsbury introduces readers to the challenges of representation and accountability of the regional governments, degrees of good governance and transparency, and the role of elites and militaries in shaping or determining political outcomes. Essential reading for courses on Southeast Asia politics and democratization.

## Government and Politics in Taiwan

**Dafydd Fell**

*Series: Routledge Research on Taiwan Series*

Taking a critical approach, Dafydd Fell provides students with the essential background to the history and development of the political system as well as an explanation of the key structures, processes and institutions that have shaped Taiwan over the last few decades. The text has been fully updated to take into account the 2012 and 2016 General Elections, the Sunflower Movement and new developments in cross-strait relations. Topics covered include: the transition to democracy, party politics, cross-strait relations, foreign policy, electoral politics and voting, political economy, national identity and social welfare.

7TH EDITION

## Taiwan

Nation-State or Province?

**John Franklin Copper**

In this newly revised and updated 7th edition of *Taiwan: Nation-State or Province?* Copper examines Taiwan's geography and history, society and culture, economy, political system and foreign and security politics in the context of Taiwan's uncertain political status as either a sovereign nation or a province of the People's Republic of China. Copper argues that Taiwan's very rapid and successful democratization suggests Taiwan should be independent and separate from China, while economic links between Taiwan and China indicate the opposite. This revised and up-to-date textbook will be essential reading for students of Taiwan, China, US-China relations and democracy.
