2ND EDITION

Corporate Finance

The Basics

Terence C.M. Tse

Series: The Basics

Corporate Finance: The Basics is a concise introduction to the inner workings of finance at the company level. It aims to take the fear out of corporate finance and add the fun in, presenting the subject in a way that is simple to grasp and easy to digest. This fully revised edition takes into account the most recent developments in the corporate financial landscape. Through the use of a subject map, this book explains how the key components of the subject are connected with each other, strengthening the reader's understanding. This book is the ideal introduction for anyone looking for a short yet scholarly overview of corporate finance.

5TH EDITION

Creative Problem Solving for Managers

Developing Skills for Decision Making and Innovation

Tony Proctor

This prestigious textbook provides a complete overview of the creative problem-solving process and its relevance to modern managers in the private and public sectors. It introduces ideas, skills and models to help students understand how creative thinking can aid problem solving, and how different techniques may help people who have different thinking and learning styles. Creative Problem Solving for Managers will continue to be an ideal resource for undergraduate and postgraduate students studying problem-solving, strategic management, creativity and innovation management, as well as managers looking to develop their decision-making abilities.

Essentials of Communication Skill and Skill Enhancement

A Primer for Students and Professionals

John O. Greene

For those who wish to learn or teach the tools of skillful communication, this book provides concrete insight into what makes a person a successful communicator. Predicated on four simple notions—that communication can be done well or poorly, that communication skills matter, that people differ in those skills, and that those skills can be improved—the book helps readers identify and enhance their own communication strengths and address weaknesses, assess the communication skills of others, and coach others to improvement. This book is written for students and professionals in fields such as human resources, sales, training, counseling, customer relations, education, and healthcare.

The Goal

A Business Graphic Novel

**Eliyahu Goldratt, Dwight Zimmerman**

Visual and fun to read, The Goal: A Business Graphic Novel offers an accessible introduction to the Theory of Constraints concepts presented in The Goal, the business novel on which it was based. The Goal is widely considered to be one of the most influential business books of all time. A bestseller since it was first published in 1984, the business novel has sold over 7 million copies, been translated into 32 languages and is taught in colleges, universities, and business schools around the world. Named to Time magazine's list of the 25 Most Influential Business Management Books, it is frequently cited by executives as a favorite or must-read title.

3RD EDITION

The Goal

A Process of Ongoing Improvement

**Eliyahu M. Goldratt, Jeff Cox**

Written in a fast-paced thriller style, The Goal is the gripping novel which is transforming management thinking throughout the Western world. The author has been described by Fortune as a 'guru to industry' and by Businessweek as a 'genius'. It is a book to recommend to your friends in industry - even to your bosses - but not to your competitors. Alex Rogo is a harried plant manager working ever more desperately to try and improve performance. His factory is rapidly heading for disaster. So is his marriage. He has ninety days to save his plant - or it will be closed by corporate HQ, with hundreds of job losses. It takes a chance meeting with a colleague from student days - Jonah - to help him break out of conventional ways of thinking to see what needs to be done. The story of Alex's fight to save his plant is more than compulsive reading. It contains a serious message for all managers in industry and explains the ideas which underline the Theory of Constraints (TOC) developed by El

2ND EDITION

Academic Writing for International Students of Science

Jane Bottomley

This second edition is an accessible companion designed to help science and technology students develop the knowledge, skills and strategies needed to produce clear and coherent academic writing in their university assignments. Using authentic texts to explore the nature of scientific writing, the book covers key areas such as scientific style, effective sentence and paragraph structure, and coherence in texts and arguments. Throughout the book, a range of tasks offers the opportunity to put theory into practice. This is an invaluable tool for the busy science or technology student looking to improve their writing and reach their full academic potential.

The Psychology of Effective Studying

How to Succeed in Your Degree

Paul Penn

This book provides a vital guide for students to key study skills that are instrumental in success at university. It uses a combination of research from cognitive psychology, humour and practical examples to convey where students often go fundamentally wrong in their studying practices and provides clear and concise advice on how they can improve. The book covers time management, academic integrity, writing essays, team work, and other key required skills for academic study. Written in a humorous and irreverent tone, and including illustrations and examples from popular culture, this is the ideal alternative and accessible study skills resource for any student at undergraduate level.

2ND EDITION

The Researcher's Toolkit

The Complete Guide to Practitioner Research

David Wilkinson, Dennis Dokter

Designed for those undertaking research for the first time, the second edition of The Researcher's Toolkit is a practical and accessible guide for all those partaking in small-scale research. Jargon-free and assuming no prior knowledge, it covers the entire research process, from defining a research topic or question through to its completion. This book is a must-read guide for students and budding researchers as well as educators seeking to explain academic research and writing to their pupils. It will benefit anyone looking to complete a research project whether inside academia or beyond.

The Student Wellbeing Toolkit

Preparing for Life at College, University and Beyond

Camila Devis-Rozental

Series: *Routledge Study Skills*

The Student Wellbeing Toolkit puts wellbeing at the centre of your journey into university and beyond. By encouraging self-efficacy and a focus on the things you can control, it provides clear guidance to enhance wellbeing and opportunities for self-reflection that help develop self-awareness and prosocial skills for life. Drawing on research evidenced theories around positive psychology, theories of learning, motivation, and self-development, the book explores what, how, and why these areas are key to our wellbeing and the rationale for taking them into account to enable you to flourish and thrive at university.
