6TH EDITION

Administrative Law in the Political System

Law, Politics, and Regulatory Policy

Kenneth Warren

Emphasizing that administrative law must be understood within the context of the political system, this core text combines a descriptive systems approach with a social science focus. Substantially revised, the sixth edition emphasizes current trends in administrative law, recent court decisions, and the impact the Trump administration has had on public administration and administrative law.

3RD EDITION

Contracting for Services in State and Local Government Agencies

Best Practices for Public Procurement

William Sims Curry

Series: Public Administration and Public Policy

This book provides state-of-the-art tools for best practice in the procurement of services at state and local levels, throughout the procurement cycle. The roadmap and templates contained in this book and available online to readers will prove essential to state and local government agency contracting professionals and other officials and employees called upon to participate in the drafting of solicitations, writing sole source justifications, writing scopes of work, serving on advance contract planning and source selection teams, recommending award of contracts, or assisting in the management of those contracts.

3RD EDITION

Developing and Managing Requests for Proposals in the Public Sector

Theresa Baucio-Teschlog, Dennis Carney, Joyce Foster, Ronald King, Christine Weber

Series: Cornerstones of Public Procurement

American state and local governments spend roughly \$3.5 trillion dollars annually fulfilling the community and governmental needs of public procurement. As governments continue to rely on the support of private sector resources and subject matter experts, mastering RFP solicitations is a critical skill required of every public procurement professional. Designed to provide a strategic overview of the skills and traits necessary to fulfill the procurement function against best value policy, this book thoroughly examines the foundational knowledge and skills needed by those who choose competitive negotiations as the best and most appropriate form for a given solicitation.

3RD EDITION

Government Contracting

Ethical Promises and Perils in Public Procurement

William Sims Curry

Series: ASPA Series in Public Administration and Public Policy

This third edition incorporates the results of a new nationwide study into best public procurement practice, as well as recent examples of real-world procurement fraud cases, offering recommendations for procurement practices to deter fraud. Public procurement tools such as requests for proposals, pro forma contracts, proposal evaluation forms, sole source justification and approval forms, and other useful tools including PowerPoint presentations are provided on a website to accompany the book. This textbook is aimed at postgraduate students and academics working in the fields of public administration, policy and procurement, along with public procurement professionals.

3RD EDITION

Legal Aspects of Public Procurement

Michael Flynn, Kirk Buffington, Richard Pennington

Series: Cornerstones of Public Procurement

Legal Aspects of Public Procurement, Third Edition provides a glimpse into the relationships between the legal, ethical, and professional standards of public procurement, outlining not only the interconnections of federal, state, and local law but also best practice under comprehensive judicial standards. The book addresses the ever-changing legal structures that work in conjunction and define the public procurement profession, providing recommended guidance for how practitioners can engage in the function while staying ethically aligned.

2ND EDITION

Managing Logistics and Transportation in the Public Sector

Darin L. Matthews, Linda L. Stanley

Series: Cornerstones of Public Procurement

Managing Logistics and Transportation in the Public Sector, Second Edition thoroughly examines the world of transportation as it relates to public procurement, stressing the importance of not only procuring the right goods, materials, and services, but also ensuring the proper delivery of those goods, materials, and services to their final destination. This title offers a complete package for professionals in public procurement looking to enhance their knowledge of logistics and transportation, as well as for university courses on transportation, supply chain management, and public procurement.

2ND EDITION

American Government

Constitutional Democracy Under Pressure

**Cal Jillson**

This text highlights the tension between our constitutional principles and institutions and the populist heat that roils our national politics at the current political moment. Our democracy has been under pressure for some time, but few would deny that fears for its fate have deepened in just the past few years. We assume our political institutions will limit populist impulses, but will they? A polarized electorate, urging representatives to fight and never to compromise, may be stressing Constitutional limits. This new edition helps American government teachers lead their students to an understanding of what is happening in the politics of their Constitutional democracy today.

9TH EDITION

American Politics and the African American Quest for Universal Freedom**Hanes Walton, Jr**

This dynamic and comprehensive text from nationally renowned scholars continues to demonstrate the profound influence African Americans have had—and continue to have—on American politics. Using two interrelated themes—the idea of universal freedom and the concept of minority–majority coalitions—this updated text demonstrates how the presence of Africans in the United States affected the founding of the Republic and its political institutions and processes. The authors show that through the quest for their own freedom in the United States, African Americans have universalized and expanded the freedoms of all Americans.

5TH EDITION

Analyzing American Democracy

Politics and Political Science

**Jon R. Bond, Kevin B. Smith, Lydia Andrade**

Providing the tools for critical thinking, the 5th edition of Analyzing American Democracy: Politics and Political Science relies on statistical analysis, Constitutional scholarship, and theoretical foundations to introduce the structure, process, and outcomes of the U.S. political system. For introductory courses in American government, this text also discusses the 2022 midterm elections, the January 6th commission, major Supreme court developments, and the Russia-Ukraine conflict in the context of American politics.

The 25 Issues that Shape American Politics

Debates, Differences, and Divisions

Michael Kryzaneck, Ann Karreth

This book is organized to examine the major subjects taught in American politics through the lens of twenty-five hot button issues affecting American politics and policy today. These key issues reflect the ideas, principles, concerns, fears, morals, and hopes of the American people. The authors argue that these issues are the heart and soul of the American political system, serving as the basis for the disagreements that drive citizens, public servants, and elected officials into action.

4TH EDITION

The American Anomaly

U.S. Politics and Government in Comparative Perspective

Raymond A. Smith

The American Anomaly systematically analyzes the U.S. political system by way of comparison with other countries, especially other industrialized democracies. It is organized into four sections, respectively covering the constitutional order, governmental institutions, political participation, and public policy. Extended case studies and examples in each chapter draw on all the major regions of the world.

11TH EDITION

China's Political System

Modernization and Tradition

June Teufel Dreyer

In its eleventh edition, *China's Political System* continues to engage readers in the pursuit of greater understanding of Chinese politics past and present, providing accessible insight into the important policy problems. June Teufel Dreyer challenges students to think about the broader problem of governance in China by comprehensively showing how past and present impacts leaders, citizens, ethnic minorities, and policies, leading to incisive considerations on the different futures for China's political system. This book continues to provide all of the tools professors need to introduce their students to Chinese politics in ways that are informed, accessible, and intriguing.

Muslim Democracy

Politics, Religion and Society in Indonesia, Turkey and the Islamic World

Edward Schneier

Muslim Democracy explores the relationship between politics and religion in forty-seven Muslim-majority countries, focusing especially on those with democratic experience, such as Indonesia and Turkey, and drawing comparisons with their regional, non-Islamic counterparts. Unlike most studies of political Islam, this is a politically-focused book, more concerned with governing realities than ideology. By changing the terms of the debate from theology to politics, and including the full complement of Islamic countries, Schneier shows that the boundaries between church and state in the Islamic world are more variable and diverse than is commonly assumed.

Campaigns and Elections

Players and Processes

**Stephen K. Medvic**

Stephen K. Medvic's *Campaigns and Elections* is a comprehensive yet compact core text that addresses two distinct but related aspects of American electoral democracy: the processes that constitute campaigns and elections, and the players who are involved. The new edition includes discussions of the COVID-19 pandemic, the January 6, 2021 capitol insurrection, new issues of gerrymandering and redistricting, and the role of social media in election news and partisan polarization.

7TH EDITION

Is This Any Way to Run a Democratic Election?**Stephen J. Wayne**

The 2016 and 2018 elections are over, but looking ahead to the 2019-2020 election cycle, the debate over the fairness and accuracy of our electoral process has never been more contentious. Hacking, fake news, a 'rigged system,' voter ID challenges, Super PACs, and an Electoral College defying the popular vote count all lead to a common question and concern: Is this any way to run a democratic election?

Political Campaigns in the United States**Richard K. Scher**

A Choice Highly Recommended Title—January 2017 This book is an interpretive analysis of political campaigns in America: It investigates the role campaigns play and the close symbiosis between campaigns and our politics. In the process, the author shows how campaigns are an important manifestation of how we "do" politics in this country. The text asks important questions like: How democratic are campaigns, and our politics, really? What is the relationship between the media and campaign professionals and what are the implications for the quality of reporting? What does the growth of "dark money" mean for our democracy and our politics?

Political Management

The Dance of Government and Politics

**Jennifer Lees-Marshment**

Political Management lays out the core tools to manage government, campaigns and parties. The first book to combine management concepts with politics and government, it provides core theories for what Political Planning, Political HR, Political Organising, Political Leadership and Political Reviewing involve. By offering a clear sense of what political management involves and providing the theoretical frameworks for empirical research, this book will stimulate significant future study. It will be invaluable to practitioners, scholars and students in politics, government, policy, leadership, management, public administration, and political management.

The Campaign Manager

Running and Winning Local Elections

Catherine Shaw

Successful campaign manager and three-term mayor of Ashland, Oregon, Catherine Shaw presents the must-have handbook for navigating local campaigns. This clear and concise handbook gives political novices and veterans alike a detailed, soup-to-nuts plan for organizing, funding, publicizing, and winning local political campaigns. Finding the right message and targeting the right voters are clearly explained through specific examples, anecdotes, and illustrations. Shaw also provides in-depth information on assembling campaign teams and volunteers, canvassing, how to conduct a precinct analysis, and how to campaign on a shoestring budget.

3RD EDITION

The Imperfect Primary

Oddities, Biases, and Strengths of U.S. Presidential Nomination Politics

Barbara Norrander

Series: Controversies in Electoral Democracy and Representation

In this thoroughly updated third edition of *The Imperfect Primary*, political scientist Barbara Norrander explores how presidential candidates are nominated, how that process bridges to the general election campaign, discusses past and current proposals for reform, and examines the possibility for more practical, incremental changes to the electoral rules. Through the modeling of empirical research to demonstrate how questions of biases can be systematically addressed, students can better see the advantages, disadvantages, and potential for unintended consequences in a whole host of reform proposals.

10TH EDITION

China's Political System

Modernization and Tradition

June Teufel Dreyer

China's Political System provides a concise introduction to the political, economic, and social factors that determine China's government. Highly respected specialist June Teufel Dreyer offers expert analysis of the challenges facing China's economic, legal, military, social, and cultural institutions while examining the historical context and current trends. China's Political System asks readers to think about the broader problem of governance in China and their global implications by comprehensively showing how the past and present impact leaders, citizens, ethnic minorities, and policies.

4TH EDITION

Issues and Methods in Comparative Politics

An Introduction

**Todd Landman, Edzia Carvalho**

Building on the strengths of the third edition, this highly regarded textbook continues to provide the best introduction to the strategies of comparative research in political science. Divided into three parts, the book begins by examining different methods, applying these methods to dominant issues in comparative politics using a wealth of topical examples from around the world, and then discusses the new challenges in the area.

6TH EDITION

Revolutions and Revolutionary Movements

James DeFronzo

With crucial insights and indispensable information concerning modern-day political upheavals, the sixth edition of *Revolutions and Revolutionary Movements* provides a representative cross section of many of the most significant revolutions of the modern era, with key updates to reflect changes since the previous edition. Students can trace the historical development of eleven revolutions using a five-factor analytical framework. Attention is devoted to clearly explaining all relevant concepts and events, the roles of key leaders, and the interrelation of each revolutionary movement with international economic and political developments and conflicts.

10TH EDITION

The Other World

Issues and Politics in the Developing World

**Craig Arceneaux, Anika Leithner, Benjamin Timms,
Shanruo Zhang, Joseph N. Weatherby, Ira Reed**

The *Other World* combines a thematic and area studies approach to explore contemporary global issues in the developing world. Accessible and interdisciplinary, this text offers political, economic, social, and historical analysis plus case studies on Latin America, Sub-Saharan Africa, North Africa and the Middle East, and Asia. Highlighting similarities and differences among these regions and focusing on enduring problems, *The Other World* is a practical look at the issues affecting the majority of the world's population.

Building Democracy and International Governance

George M. Guess

Building Democracy and International Governance uses both case studies and careful data analysis to argue that federalist democracy may just be the most responsive, authoritative, and flexible system for nation building, and that there is value in confronting the challenges that lie in exporting federalist democracy abroad. Examining twelve wealthy and developing countries from five regions, representing democratic and authoritarian government structures, confederations, and federations, this book will be of interest to those teaching graduate and undergraduate courses in Political Development, Democratization, Federalism, and Comparative Political Economy.

2ND EDITION

Comparative Public Administration

Edited by **J.A. Chandler**

Comparative Public Administration 2nd edition provides a clear introduction to the contemporary system of public administration and management in a number of significant countries. This text examines, country-by-country, the extent to which new public management, politicians and public opinion can influence bureaucracies in various countries; in addition, it explores the role of public administration systems within the wider political systems and democratic frameworks of their states. The new edition revises and updates the wide range of original country studies and adds three more chapters on Poland, India and China. Each chapter is written to a common framework which makes comparison easier. This textbook is essential reading for students of comparative public administration.

International Development Management for Public and Nonprofit Organizations

George M. Guess

Filling an important gap in the literature for graduate students and practitioners in the public sector, private firms, contractors, and non-profit organizations that manage development assistance projects, this is a guide to dealing with core issues likely to be faced in doing field work. It is addressed to current and future international aid managers, including those enrolled in international management and international development courses at the university level. Professional development organizations, such as contractors, nonprofits and donors will also find the book a useful addition to their training materials.

Running the Government

Public Administration and Governance in Global Context

Salvatore Schiavo-Campo

Series: Routledge Global Public Governance

Sound machinery of government is at the core of a well-functioning state. Written by an author with wide experience in public administration globally, this book addresses both the commonalities and the diversity of administrative practice around the world. Exploring developed countries as well as developing and transitional economies, it combines a strong conceptual foundation with thorough coverage of the main topics in public administration, supported by current data and a wealth of concrete illustrations from a variety of countries. Running the Government will serve as a core text for courses in public administration and as a supplement for undergraduate and graduate courses in political science, public economics, and international affairs. It may also serve as an accessible and complete reference for civil service training courses around the globe.

7TH EDITION

The Politics of Bureaucracy

An Introduction to Comparative Public Administration

B. Guy Peters, B. Guy Peters

Now in its seventh edition, this comprehensive exploration of the political and policy-making roles of public bureaucracies offers extensive, well documented comparative analysis of the effects of politics on bureaucracy. Updates include new coverage of public administration in Latin America and Africa, an examination of the European Union and its effects on public policy and public administration, an assessment of "internationalization" of bureaucracies, and coverage of the impacts of the 2008 economic slowdown on public bureaucracies and public policies. The Politics of Bureaucracy, 7e is essential for students of government, policy analysis, and politics and international relations.

A Divided Union

Structural Challenges to Bipartisanship in America

Edited by **Dario Moreno, Eduardo Gamarra, Patrick Murphy, David Jolly**

A Divided Union delves deep into ten pressing political challenges central to the dysfunction in Congress and the country today. The core of the book is original analysis by experts on key topics such as geographic challenges, demographic change, a polarized media, gerrymandering, the role of money in politics, and the structure of primary elections. Contributors include former federal elected officials, political science professors, members of the press, and scholars immersed in their fields of study. A Divided Union is appropriate for all political science students as well as the general public frustrated and alarmed by political deadlock.

American Public Policy

Federal Domestic Policy Achievements and Failures, 1901 to 2022

Dennis W. Johnson

This is a sweeping narrative of American Domestic Public Policy—its triumphs, struggles, and failures over the past one hundred and twenty years. In a larger sense, it is a reflection on how the United States has grown and matured, faced challenges and opportunities, and how its federal leaders and policymakers have responded or failed to address pressing problems. Moreover, American public policy addresses the hurdles and challenges that still lie ahead.

3RD EDITION

Cases in Congressional Campaigns

Split Decision

Edited by **Randall E. Adkins, David A. Dulio**

Looking at issues ranging from the Kavanaugh confirmation, health care, the economy, and the impact of President Trump, this book traces the dynamics at work in the 2018 Midterm elections. The editors open with an explanation of the trends in this election cycle, followed by eight in-depth case studies of House and Senate toss-up races involving seats held by endangered Republican incumbents. The book shows how 2018 fits into the context of precursor midterm campaigns and what the analysis of competitive states and districts holds for 2020.

2ND EDITION

Congress in Context

John Haskell, Sara Grove, Marian Currinder

The U.S. Congress is by the far the least popular (and most misunderstood) branch of the federal government. Congress in Context de-mystifies the institution, giving students a comprehensive and practical understanding of Congress and the legislative process. This book takes a different approach to the study of Congress than other texts. Usually Congress is treated in isolation from the rest of the government. But the Framers of the Constitution explicitly intended for the branches of government to be interdependent. Congress in Context introduces readers to Congress's critical role in the context of this interdependent system.

2ND EDITION

New Directions in Congressional Politics

Edited by **Jamie L. Carson, Michael S. Lynch**

Series: *New Directions in American Politics*

This second edition offers an accessible overview of the current developments in our understanding of America's legislative branch. The authors help students bridge the gap between roles, rules, and outcomes by focusing on a variety of thematic issues: the importance of electoral considerations, legislators' strategic behavior to accomplish objectives, the unique challenges of Congress as a bicameral institution in a polarized environment, and the often-overlooked policy outputs of the institution. New features include women in Congress, a first look at Congressional-executive relations in the Trump era, and updated data through the 2018 Midterm elections.

4TH EDITION

The Congressional Experience

An Institution Transformed

David E Price

Congressman David Price is uniquely qualified to guide readers through the labyrinth of Congress, to portray honestly its strengths and failings, and to illuminate the forces transforming the institution. As a trained political scientist, he connects the practical politics on the Hill with the theories of the discipline. He is equally focused on the ethics of public service at a time when politics seem to have reached a new low. Through it all, he conveys a clear sense of the challenges, disappointments, elations, and deep concerns implicit in serving as a member of Congress—especially at a time of national and international fragility.

18TH EDITION

American Constitutional Law

Introductory Essays and Selected Cases

**Donald Grier Stephenson Jr., Alpheus Thomas Mason**

The book is a collection of comprehensive background essays coupled with carefully edited Supreme Court case excerpts designed to explore constitutional law and the role of the Supreme Court in its development and interpretation. Well-grounded in both theory and politics, the book endeavors to heighten students' understanding of this critical part of the American political system.

4TH EDITION

Civil Rights and Liberties in the 21st Century**John C. Domino**

This up-to-date book analyzes the Supreme Court's landmark rulings on civil rights and liberties. It serves as a core text in courses on civil liberties and civil rights, or as a supplementary text in courses on constitutional law and the judiciary. The key to John Domino's approach is that understanding constitutional law is not having the right answers but asking the right questions. This text encourages students to think critically and provides a historical context to better understand competing interests affecting the Court's decisions. It reminds us that "the Court" is not an abstract legal mechanism, but a group of human beings with divergent opinions.

Italian Democracy

How It Works

Gianfranco Pasquino

This textbook, from one of Italy's most eminent scholars, provides broad coverage and critique of Italian politics and society. Providing the readers with the knowledge necessary to understand the working of the Italian political system, it also offers answers to some of the most important challenges facing the country – and other contemporary democracies – today, such as populism, anti-politics, and corruption. Critical but underpinned by thorough data and analysis, it presents alternative views alongside the author's interpretation.

7TH EDITION

The European Union

Politics and Policies

Jonathan Olsen

Thoroughly revised, the seventh edition of this accessible and highly respected text provides a rigorous yet digestible introduction to the European Union. Additionally, it authoritatively explains developments that continue to bring challenges to this powerful institution in times of great political change. Key features include: sustained discussion of transformative and historical change in the upheaval of Brexit and its ramifications; thorough reflection on destabilising issues such as immigration and the years of refugee crisis in Europe, and the rise of populism; and increased coverage throughout of women or minorities within the EU.

Democratization and Autocratization in Comparative Perspective

Concepts, Currents, Causes, Consequences, and Challenges

Jørgen Møller, Svend-Erik Skaaning

This book provides balanced, critical, and comprehensive coverage of the theories and realities of autocratization and democratization. It sketches developments in the conceptions of democracy, discusses how to distinguish between different forms of political rule, and maps the development of democracy and autocracy across space and time. The book reviews the major debates and findings about domestic and international causes and consequences of democratization and autocratization. It synthesizes theoretical models and empirical relationships based on an explicit comparative perspective, which focuses on similarities and differences across countries and historical periods.

Understanding the Humanitarian World

Daniel Maxwell, Kirsten Gelsdorf

Series: Global Institutions

Conflict and disaster have been part of human history for as long as it has been recorded. Today a large and complex 'global humanitarian response system' made up of a multitude of local, national, and international actors carries out a wide variety of responses. Understanding this intricate system, and the forces that shape it are the core focus of this book. This book serves as a valuable introductory text to the way humanitarian action operates in the 21st century. It will be essential reading for students and practitioners or anyone with an interest in humanitarian action, international humanitarian and human rights law, disaster management and international relations.

Disaster and Emergency Management Methods

Social Science Approaches in Application

Edited by **Jason D. Rivera**

Written to engage students and to provide a flexible foundation for instructors and practitioners, this interdisciplinary textbook provides a holistic understanding of disaster and emergency management research methods used in the field. Readers are presented with the considerations that must be made before engaging in the research process, while relevant, and fascinating real-world applications provide a window into how methodological approaches are being applied in the field. Disaster and Emergency Management Methods serves as an effective way to empower readers to approach their own study of disaster and emergency management research methods with confidence.

3RD EDITION

Emergency Management

The American Experience

Edited by **Claire B. Rubin**

The newly updated edition of Emergency Management: The American Experience continues the tradition of all previous editions: a succinct yet comprehensive teaching and learning textbook to understand the essential political and policy underpinnings of emergency management in the United States. Documenting more than a century of historic disaster events in the U.S., foremost authorities who research, teach, and advise on emergency management, have revised and updated their contributions to reflect on the lessons learned since 2010.

3RD EDITION

Hazard Mitigation and Preparedness

An Introductory Text for Emergency Management and Planning Professionals

Edited by **Dylan Sandler, Anna K. Schwab**

An essential text for today's emerging professionals and higher education community, the third edition of Hazard Mitigation and Preparedness provides accessible and actionable strategies to create safer, more resilient communities. Known and valued for its balanced approach, Hazard Mitigation and Preparedness assumes no prior knowledge of the subject, presenting the major principles involved in preparing for and mitigating the impacts of hazards in emergency management. Updated real-world examples of different tools and techniques allows for the application of knowledge and skills.

Environment and Sustainability in a Globalizing World

Edited by **Andrea J. Nightingale***Series: Foundations in Global Studies*

From the *Foundations in Global Studies* series, this approachable text introduces students to the globalizing processes relating to the environment and sustainability. Students are guided through a brief history of environmental sustainability in the modern era, the key concepts, key thinkers, and relevant international agencies and treaties. Special emphasis is given to how theory meets reality in models for measuring sustainability, the range of environmental domains at play, and important controversies. Case studies are used to examine theory and practice at work.

Global Environmental Politics

From Person to Planet

Simon Nicholson, Paul Wapner

Global Environmental Politics finally answers the question of how to teach students about environmental harm with a sense of ecological reality, a firm grasp on politics, and an optimistic look toward the future. Section introductions cover key topics such as the four major planetary challenges (climate, extinction, water, and food); leading causes of environmental harm; states, markets, and civil society; race, class, and geopolitical difference; and the value of thinking strategically and broad political imagination. Carefully selected readings from a wide range of sources feature high-profile authors from popular as well as specialist media. Action-oriented exercises engage students.

3RD EDITION

Governing Climate Change

Harriet Bulkeley, Peter Newell

Series: Global Institutions

This fully revised and expanded new edition provides a short and accessible introduction to how climate change is governed by an increasingly diverse range of actors, from civil society and business actors to multilateral development banks, donors, and cities. Providing an inter-disciplinary perspective drawing on geography, politics, international relations, and development studies, this book is essential reading for all those concerned not only with the climate governance but with the future of the environment in general.

6TH EDITION

Green Planet Blues

Critical Perspectives on Global Environmental Politics

Edited by **Geoffrey Dabelko, Ken Conca**

Revised and updated throughout, this unique anthology examines global environmental politics from a range of perspectives and capturing the voices of both the powerless and the powerful. Organized thematically, the selections offer a truly global scope. Seventeen new readings explore climate justice, globalization, land and water grabs, climate change and conflict, China's international environmental relations, and the future of climate politics in the wake of the Paris Agreement. This book provides readers with a global range of perspectives on the critical challenges facing the planet and its people.

Industrial Disasters and Environmental Policy

Stories of Villains, Heroes, and the Rest of Us

Denise L. Scheberle

Environmental stories have all the elements that make for a good drama—villains that plunge us into danger, and heroes that fight for positive change. *Industrial Disasters and Environmental Policy: Stories of Villains, Heroes, and the Rest of Us* illuminates the interplay between environmental policies and the people and groups who influence their development and implementation. With its compelling stories and calls to action, this book helps students understand how US environmental policies have developed and transformed—and how they can continue to do so.

8TH EDITION

The Environmental Policy Paradox

Zachary A. Smith, Peter Jacques

This eighth edition continues the book's tradition of offering an accessible introduction to the social, economic, legal, and political matters pertaining to environmental policy while also developing the student's own unique views. The text explains why some environmental ideas shape policy while others do not and illustrates that even when the best short- and long-term solutions to environmental problems are identified, the task of implementing these solutions is often left undone or is completed too late. A must buy for courses in Environmental Policy, Environmental Studies, and Public Policy; and as a supplement for courses in American Government and Public Administration.

The Sociology of Disaster

Fictional Explorations of Human Experiences

Thomas E. Drabek

In a book as illuminating as it is captivating, Thomas E. Drabek presents the first in-depth analysis of the emotional impacts of disaster events and the many ripple effects that follow. Through the technique of storytelling, nine fictional stories where characters experience actual disasters of different types throughout the United States illustrate the vulnerabilities and resilience to enhance the readers' understanding of disaster consequences. Designed for classroom use, each story is followed by an "Analysis" section wherein discussion and research paper topics are recommended. Brief commentary adds further connections to other disasters and relevant research studies.

Italian Democracy

How It Works

Gianfranco Pasquino

This textbook, from one of Italy's most eminent scholars, provides broad coverage and critique of Italian politics and society. Providing the readers with the knowledge necessary to understand the working of the Italian political system, it also offers answers to some of the most important challenges facing the country – and other contemporary democracies – today, such as populism, anti-politics, and corruption. Critical but underpinned by thorough data and analysis, it presents alternative views alongside the author's interpretation.

6TH EDITION

Exploring British Politics

Mark Garnett, Peter Dorey, Patrick Diamond

Exploring British Politics is a comprehensive and accessible guide to the subject. This edition covers the executive, parliament, the civil service, political parties, general elections, party ideology and membership, and examining turmoil and leadership battles, the politics of inequality, demographic trends and political consequences, and the future of the UK. It provides perspectives on the British democracy and the transition from traditional models of government to more flexible forms of 'governance'. This book is the ideal undergraduate text.

European Societies Today

Inequality, Diversity, Divergence

James Wickham

This accessible new text introduces students to contemporary European societies by examining structures of inequality, making sense of the empirical and historical contexts. Focusing on seven differing European societies (France, Germany, Ireland, Italy, Poland, Sweden and the UK), it examines the different ways in which sociology and political economy understand the social structure of contemporary Europe.

2ND EDITION

Foreign Policy Analysis

New approaches

Chris Alden, Amnon Arran

Building on the success of the first edition, this revised volume re-invigorates the conversation between foreign policy analysis and IR. It situates existing debates in foreign policy in relation to contemporary concerns in IR, and provides a concise and accessible account of key areas in foreign policy analysis that are often ignored. Focusing on how foreign policy decision making affects the conduct of states in the international system, and analysing the relationship between policy, agency and actors, the volume examines: foreign policy and bureaucracies; domestic sources of foreign policy; foreign policy and the state; foreign policy and globalization; and foreign policy and change.

Foreign Policy Issues for America

The Trump Years

Edited by **Richard W. Mansbach, James M. McCormick**

Series: Routledge Studies in US Foreign Policy

This volume focuses on the sensitive foreign policy issues that have faced the Trump administration and which will determine the prospects for American decline or continued hegemony. Contributions are divided into "regional" and "functional" issues, exploring the nature and significance of the challenge, the previous response and President Trump's policies and their consequences. Topics have been selected to address political, military, economic, and social factors in global politics and the book will appeal to undergraduates and scholars of US foreign policy at all levels.

Ideologies of American Foreign Policy

John Callaghan, Brendon O'Connor, Mark Phythian

Series: Routledge Studies in US Foreign Policy

A comprehensive account of ideology and its role in the foreign policy of the USA, this book investigates the way US foreign policy has been understood, debated and explained in the period since the US emerged as a world power, on its way to becoming the world power. Starting from the premise that ideologies provide explanatory patterns or frameworks from which meaning can be derived, the authors study the relationship between ideology and foreign policy, demonstrating the important role ideas have played. Bringing a neglected dimension into the study of US foreign policy, this book will be of great interest to students and researchers of US foreign policy, ideology and politics.

Transforming Multilateral Diplomacy

The Inside Story of the Sustainable Development Goals

Macharia Kamau, Pamela Chasek, David O'Connor

Transforming Multilateral Diplomacy provides the inside view of the negotiations that produced the UN Sustainable Development Goals (SDGs). Not only did this process mark a sea change in how the UN conducts multilateral diplomacy, it changed the way the UN does its business. This book tells the story of the people, issues, negotiations, and paradigm shifts that unfolded through the Open Working Group (OWG) on SDGs and the subsequent negotiations on the 2030 Sustainable Development Agenda, from the unique point of view of Ambassador Macharia Kamau, and other key participants from governments, the UN Secretariat, and civil society.

2ND EDITION

US Foreign Policy in Action

An Innovative Teaching Text

Jeffrey S. Lantis, Patrick Homan

This book represents a timely exploration of the dynamics of United States foreign policy development. It introduces historical developments and theories of U.S. foreign policy and engages students in the politics and debates of the foreign policy process (both directly, and by proxy) through innovative learning exercises. This book offers a rich understanding of the politics behind clashing perspectives towards contemporary foreign policy challenges ranging from immigration policy controversies to COVID-19 pandemic responses, climate change to the China trade war. The book is intended to serve as a core text for classes on U.S. foreign policy and will appeal to a broad audience.

2ND EDITION

Distinct Identities

Minority Women in U.S. Politics

Edited by **Nadia E. Brown, Sarah Allen Gershon**Series: *Routledge Series on Identity Politics*

The second edition of *Distinct Identities* continues to provide a sophisticated yet accessible introduction to the complexities of the politics, social structures, and cultural contexts that animate how women of color engage in and shape U.S. politics. Keeping the structure of the original volume, this text represents the diverse and innovative scholarship being conducted in this field while covering the core topics in gender politics. This edition pushes the boundaries of traditional intersectional scholarship and responds to America's rapidly diversifying demographics and political culture.

2ND EDITION

Fundamental Feminism

Radical Feminist History for the Future

**Judith Grant**

In *Fundamental Feminism*, Judith Grant explores the evolution of feminist theory as well as the state of today's feminist thought. Pointing to the main problems within feminism, Grant calls for a substantial revision of the core concepts responsible for shaping today's feminist theory. Grant identifies and critiques three core concepts in feminist theory – "woman," "experience," and "personal politics" – from their origins in pamphlets and writings in the early women's liberation movement to their current construction in feminist thought.

Public Opinion, Parties, and Presidential Elections

**Susan B. Hansen**

This insightful book explores trends in public opinion on abortion, gay rights, and the status of women and finds that "values voters" are still crucial in presidential elections, even those supposedly fought over economic or foreign-policy issues. Hansen then analyzes recent elections to show how Democrats have made effective use of the liberal trends in public opinion on social issues. Hansen also examines trends in demographics, religious involvement, and public opinion to show how and why the politics of sex now favors the Democratic Party. "Anyone who wants to understand the politics of the recent past—and the future—should read this book." —David Campbell, University of Notre Dame

A Quest for Political Equality in an Age of Economic Inequality

**Barbara Burrell**Series: *Routledge Series on Identity Politics*

Women and Politics: A Quest for Political Equality in an Age of Economic Inequality describes the many ways in which women in the United States have used their voices in the political process. The book explores the diverse actions women have taken to achieve empowerment and gender equity. It surveys women as voters, as candidates for elected office and as interest group organizers lobbying for equity in public policy and for global women's rights. It stimulates readers' appreciation of the multiple political voices of American women and the challenges of economic inequality in their quest for political equality.

4TH EDITION

Women and Politics

The Pursuit of Equality

**Lynne Ford**

Women and Politics is a comprehensive examination of women's use of politics in pursuit of gender equality. How can demands for gender equality be reconciled with sex differences? Resolving this paradoxical question has proceeded along two paths: the legal equality doctrine, which emphasizes gender neutrality, and the fairness doctrine, which recognizes differences between men and women. This fourth edition explores new critical perspectives, recent political events, and current challenges to gender equality, including the 2016 presidential election and Hillary Clinton's candidacy, the fight for equal pay and paid leave, and the debate over reproductive rights and campus sexual assault.

5TH EDITION

Women's Rights in the USA

Policy Debates and Gender Roles

**Dorothy E. McBride, Janine A. Parry**

Women's Rights in the USA examines the policy debates critical to women in American society and politics. Analyzing both the historical contexts and current controversies, the authors show the processes behind the statutes, court cases, and administrative rules that have shaped women's lives in the United States. McBride and Parry cover a full spectrum of policy areas, including constitutional law, political participation, family law, education, work pay, family, sexuality, and economic status, and portray the role of women activists in shaping them.

5TH EDITION

Global Gender Politics

Edited by **Anne Sisson Runyan**

Accessible and student-friendly, Global Gender Politics analyzes the gendered divisions of power, labor, and resources that contribute to the global crises of representation, violence, and sustainability. In this new re-titled edition Anne Sisson Runyan continues to examine the challenges of placing inequalities and resisting injustices at the center of global politics scholarship and practice through intersectional and transnational feminist lenses. To provide more support to instructors and readers, Global Gender Politics is accompanied by an e-resource, which includes web resources, suggested topics for discussion, and suggested research activities.

Political Worlds of Women

Activism, Advocacy, and Governance in the Twenty-First Century

Edited by **Mary Hawkesworth**

Political Worlds of Women provides a comprehensive overview of women's political activism, comparing formal and informal channels of power from official institutions of state to grassroots mobilizations and Internet campaigns. Illuminating the politics of identity enmeshed in local, national, and global gender orders, this book explores women's creation of new political spaces and innovative political strategies to secure full citizenship and equal access to political power.

Race, Gender, and Culture in International Relations

Postcolonial Perspectives

Edited by **Randolph B. Persaud, Alina Sajed**

Persaud and Sajed have drawn together an outstanding lineup of scholars, with each chapter illustrating the ways these specific lenses (race, gender, culture) condition or alter our assumptions about world politics. The volume covers a wide range of topics including war, global inequality, postcolonialism, nation/nationalism, indigeneity, sexuality, celebrity humanitarianism, religion and conflict/militarism; illustrates the subject matter through case studies; and features pedagogical tools and resources in every chapter. Drawing together prominent scholars of international relations, this work shows why and how race, gender and culture matter.

2ND EDITION

Women's Movements in the Global Era

The Power of Local Feminisms

**Amrita Basu**

This book provides a path-breaking study of the genesis, growth, gains, and dilemmas of women's movements in countries throughout the world. Its focus is on the global South, where women's movements have engaged in complex negotiations with national and international forces. It challenges widely held assumptions about the Western origins and character of local feminisms. The authors locate women's movements within the terrain from which they emerged by exploring their relationships with the state, civil society, and other social movements.

Collaborative Governance

Principles, Processes, and Practical Tools

Stephen Greenwood, Laurel Singer, Wendy Willis

Collaborative Governance is the first true textbook on the topic, presenting a solid grounding in relevant theory while also focusing on case studies, process design, and practical tools. While existing books on collaborate governance focus on environmental and natural resource conflict resolution, this book also draws on case studies involving collaborative, community-based project implementation and cases that focus on human services and social equity. Bringing together theory and tools from the fields of negotiation and mediation, this book introduces students and practitioners to the theory of collaborative governance in the context of practical applications.

2ND EDITION

Governance Networks in Public Administration and Public Policy

Christopher J. Koliba, Jack W. Meek, Asim Zia, Russell W. Mills

Series: Public Administration and Public Policy

This second edition of Governance Networks in Public Administration and Public Policy offers a conceptual framework for describing governance networks and provides a theoretical and empirical foundation in their construction. Based on research and real-life experience, the book highlights the interplay between public actors and policy tools, details the skills and functions of public administrators in the context of networked relationships, and identifies the reforms and trends in governing that led to governance networks.

Network Governance

Concepts, Theories, and Applications

Naim Kapucu, Qian Hu

In this timely new book, authors Naim Kapucu and Qian Hu define and examine key concepts, propose exciting new theoretical frameworks to synthesize the fast-growing body of network research in public policy and administration, and provide detailed discussion of applications. Network Governance offers not only a much-needed systematic examination of existing knowledge, but it also goes much further than existing books by discussing the applications of networks in a wide range of management practice and policy domains.

Human Rights and U.S. Foreign Policy

Prevarications and Evasions

Clair Apodaca

Series: Routledge Studies in Human Rights

Through a series of chapters devoted to U.S. presidential administrations from Nixon to the present, Apodaca delivers a comprehensive examination to understand the development and implementation of U.S. human rights policy. For each administration, she pays close attention to how ideology, bureaucratic politics, lobbying, and competition affect the inclusion or exclusion of human rights in the economic and military aid allocation decisions of the U.S. In doing so, she argues that the history of U.S. human rights policy unfolds as a series of paradoxes that are the result of Presidential preferences, conflict, and cooperation among bureaucratic actors, and of various political events.

2ND EDITION

Interest Groups and Lobbying

Pursuing Political Interests in America

Thomas T. Holyoke

Interest Groups and Lobbying shows how political organizations and their lobbyists play a crucial role in how public policy is made in the United States. This book cuts through the myths and misconceptions about interest groups and lobbyists with an accessible and comprehensive text that lays out the facts supported by the latest research. Pulling together the two areas of interest group scholarship – why advocacy organizations form and how they are able to influence Washington lawmakers – Thomas Holyoke shows students the inner workings interest groups in the United States, using case studies to bring into sharp focus the issues surrounding lobbying in Washington, DC.

3RD EDITION

Interest Groups in American Politics

Pressure and Power

Anthony J. Nownes

Interest Groups in American Politics, Third Edition demonstrates that interest groups are involved in the political system at all levels of government and in all aspects of political activity. Rather than an anomaly or distortion of the political system, interest group activity is a normal and healthy function of a pluralist society and democratic governance.

6TH EDITION

The Interest Group Society

Jeffrey M. Berry, Clyde Wilcox

Considered the gold standard on interest group politics, this widely-used text analyzes interest groups within the intuitive framework of democratic theory, enabling readers to understand the workings of interest groups within the larger context of our political system. Comprehensive coverage includes not only the traditional farm, labor, and trade associations, but also citizen groups, public interest organizations, corporations, and public interest firms. Brief in page count yet comprehensive in coverage, the book is flexible for different class settings. The book's rich content and lean size allows it to stand alone as the centerpiece of a course, or be assigned as one of several texts.

International Law

Our Common Future

Mark Gibney

International Law: Our Common Future offers a dynamic approach to the study of international law that actively engages students in ways that more traditional textbooks do not. What students will quickly come to realize is that international law is not a distant and abstract entity, but rather, is intimately connected to various aspects of their daily lives. The book shows some of the remarkable changes in international law, most notably the declining importance of the role of the state. As a final point, the book is written in an engaging, almost conversational, style that is accessible to students in a wide array of academic disciplines.

American Presidents and the United Nations

Internationalism in the Balance

John Moore, Jr., Jerry Pubantz

This book places the UN-U.S. relationship within the evolving fabric of international affairs and American political developments through the 2020 presidential election, into the early Biden administration. The text integrates analyses of individual presidential politics and presidential foreign policy preferences from Franklin Roosevelt through Donald Trump, with congressional responses, and seemingly ever-accelerating, troublesome, and often unanticipated international crises. Essential for students, scholars, and general readers alike.

8TH EDITION

The United Nations and Changing World Politics

Revised and Updated with a New Introduction

Thomas G. Weiss, David P. Forsythe, Roger A. Coate, Kelly-Kate Pease

The revised and updated Introduction to this classic text situates the UN in substantially changing world politics, including the election of the ninth Secretary-General, António Guterres; the burgeoning of "new nationalisms" worldwide, including most importantly in the Trump administration's Washington, DC, and Brexit; and the continuing proliferation of such non-state actors as ISIS and those in the "third UN," including developmental and humanitarian NGOs. Essential to all classes on the UN, International Organizations, and Global Studies, this interim edition of The United Nations and Changing World Politics is refreshed for students and scholars alike.

8TH EDITION

Global Political Economy

Theory and Practice

**Theodore H. Cohn, Anil Hira**

Praised for its authoritative coverage, *Global Political Economy* places IPE in broad theoretical context and has been updated to cover key new topics including the rise of populism, Brexit, the USMCA, US-China trade wars, refugees and global migration, automation, the "gig" economy, climate change, cryptocurrencies, and the residual effects of global economic crises. Written by leading IPE scholar Theodore Cohn, now joined by his prolific colleague Andy Hira, this book equally emphasizes theory and practice to provide a framework for analyzing current events and long-term developments in the global economy. This text is suitable for both introductory and advanced IPE courses.

2ND EDITION

International Political Economy

Contrasting World Views

**Raymond C. Miller**

The second edition of *International Political Economy* continues to be the perfect short introduction to the fundamental theories and issues of IPE. Written in a concise, accessible style by an experienced teacher and scholar, it combines theoretical perspectives, real-world examples, and comparative policy analysis. The text offers students an in-depth, balanced understanding of the contrasting core perspectives in IPE, allowing them to critically evaluate and independently analyze major political-economic events. This thoroughly updated second edition is essential reading for students of international political economy, economics, political science and global governance.

International Political Economy

The Struggle for Power and Wealth in a Globalizing World

**Thomas D. Lairson, David Skidmore**

International Political Economy offers a rethinking of the field of international political economy in an era of growing but uneven globalization. By offering a clear explanation of basic concepts, contextualizing the presentation of theoretical debates, and placing current events in historical context, this data-rich text ensures students a deep understanding of how the global economy works. At the same time, it shows students the ways in which globalization affects their lives and those of people around the world.

2ND EDITION

International Political Economy in the 21st Century

Contemporary Issues and Analyses

**Roy Smith, Imad El-Anis, Christopher Farrands**

The new edition of this comprehensive and accessible introduction to the field continues to provide an engaging and coherent foundation to the subject. It considers traditional and alternative approaches to IPE, and in doing so elucidates key concepts, assumptions and the intellectual and historical context in which they arose and developed. It includes key coverage of the post-2015 financial crisis and the international government responses to recent challenges as well as new learning material. At all times, it makes clear their relevance to issues from trade finance and government, to environment, technology, health, migration, labour, development and culture.

7TH EDITION

Introduction to International Political Economy**David N. Balaam, Bradford Dillman**

This text surveys the theories, institutions, and relationships that characterize IPE and highlights them in a diverse range of regional and transnational issues. A bestseller in the field, it positions students to critically evaluate the global economy and to appreciate the personal impact of political, economic, and social forces. The new edition includes streamlined, comprehensive coverage; added coverage of constructivism in theory chapters; new chapters on Global Production, encompassing transnational corporations and labor, and on Global Health, incorporating food and immigration issues; and new graphs of data plus new text boxes throughout.

2ND EDITION

The Political Economy Reader

Contending Perspectives and Contemporary Debates

*Edited by* **Naazneen Barma, Steven K. Vogel**

The *Political Economy Reader* advocates a particular approach to the study of political economy – the "market-institutional" perspective – which emphasizes the ways in which markets are embedded in political and social institutions. The reader embraces a truly interdisciplinary approach, engaging with some of the most important classical and contemporary theoretical perspectives. For political economy courses at a variety of levels and from a range of disciplines, the reader is also of interest to scholars and citizens wanting perspective on the intersection of economics, politics, and society.

International Relations from the Global South

Worlds of Difference

Edited by Arlene B. Tickner, Karen Smith

Series: Worlding Beyond the West

This exciting new textbook challenges the implicit notions inherent in most existing International Relations (IR) scholarship and instead presents the subject as seen from different vantage points in the global South. This book encourages professors and students in both the global North and the global South envision the world differently. In addition to general, introductory IR courses at both the undergraduate and graduate levels it will appeal to courses on sociology and historiography of knowledge, globalization, neoliberalism, security, the state, imperialism and international political economy.

Political and Economic Foundations in Global Studies

Edited by Michael Anderson, Stephanie Holmsten

Series: Foundations in Global Studies

Political and Economic Foundations in Global Studies provides an innovative introductory examination of the global forces shaping the world today, seen through political and economic lenses. Along with its companion, Social and Cultural Foundations in Global Studies, the book exposes students to the historical contours of, and the key concepts and processes that underlie, the interconnections among individuals, societies, organizations, and governments. As in the rest of Routledge's Global Studies series, the Foundations books employ a two-part strategy: conceptual underpinnings explored in the first part are enlivened by case studies in the second.

Visual Global Politics

Edited by Roland Bleiker

Series: Interventions

We live in a visual age. Images play an essential role in shaping international events and our understanding of them, influencing how we view and approach phenomena as diverse as war, humanitarian crises, protest movements and election campaigns. This exciting textbook draws together the leading scholars in the field and presents the first guide to the visual in global politics. Featuring a broad range of topics such as war, terrorism, security, foreign policy, social movements and democratization, contributions deal with a range of theoretical, empirical and ethical issues. Chapters cover a broad spectrum of visual fields, from photography, film and TV to new media, comic books and art.

What Is Global Studies?

Theory & Practice

Manfred Steger, Amentahru Wahlrab

What is Global Studies, and how does it relate to globalization? Responding to this frequently asked question, Manfred B. Steger and Amentahru Wahlrab provide the first comprehensive overview of this emerging field—one of the most popular fields of study in major universities around the world. This primer speaks to students and instructors interested not only in key theories but also in applied teaching and learning programs designed to educate "global citizens" to meet the concrete challenges of the twenty-first century. The authors discuss the arguments of major thinkers, and the "Four Pillars of Global Studies": globalization, transdisciplinarity, space and time, and critical thinking.

7TH EDITION

The European Union

Politics and Policies

**Jonathan Olsen**

Thoroughly revised, the seventh edition of this accessible and highly respected text provides a rigorous yet digestible introduction to the European Union. Additionally, it authoritatively explains developments that continue to bring challenges to this powerful institution in times of great political change. Key features include: sustained discussion of transformative and historical change in the upheaval of Brexit and its ramifications; thorough reflection on destabilising issues such as immigration and the years of refugee crisis in Europe, and the rise of populism; and increased coverage throughout of women or minorities within the EU.

Themes and Flux in British Politics

Evolution, Change and Turbulence

Duncan McTavish

This book provides readers with an engaging and informative overview of the development, change and turbulence in British politics today. It explores the extent to which the 'old approaches' to politics and policy are becoming less relevant in the contemporary and emerging UK environment and makes sense of the most significant aspects of the moment: political and electoral alignment, referenda, Brexit and the EU, relationship between UK and devolved governments, and key impact related developments internationally.

6TH EDITION

Exploring British Politics

Mark Garnett, Peter Dorey, Patrick Diamond

Exploring British Politics is a comprehensive and accessible guide to the subject. This edition covers the executive, parliament, the civil service, political parties, general elections, party ideology and membership, and examining turmoil and leadership battles, the politics of inequality, demographic trends and political consequences, and the future of the UK. It provides perspectives on the British democracy and the transition from traditional models of government to more flexible forms of 'governance'. This book is the ideal undergraduate text.

2ND EDITION

Contemporary European Politics

A Comparative Introduction

José M. Magone

Revised throughout, the second edition of this comprehensive and highly respected textbook continues to provide a thorough introduction to European and European Union politics. Pairing a genuinely comparative approach with in-depth analysis of the national, supranational, local and regional political systems of large and small countries across Europe, including Central and Eastern Europe and the Balkans, this accessible book covers history, theory, institutions, parties and party systems, and interest groups, among others.

The Routledge Guide to the European Union

Dick Leonard, Robert Taylor

Written by experts, this long-established and definitive guide to the workings of the European Union provides comprehensive, straightforward and readable coverage of this sometimes misunderstood and complex institution. The Routledge Guide to the European Union is well-established as the clearest and most comprehensive guide to how the EU operates. This new edition brings you up to date at a crucial stage in its history at a time when, arguably, it has never been under greater threat, but conversely is perhaps more important than ever.

2ND EDITION

Britain and the European Union

David Gowland

This engaging and concise new edition offers the student and general reader a compact, readable treatment of British membership of the European Union (EU) from 1973 up until the present day and Brexit, with detailed analysis of the period 1945-1972 accounting for Britain's absence from the formation of the EU. It will be of key interest to scholars, students and the generally interested reader in the areas of European Politics/Studies, British Politics, EU Politics/Studies, Area Studies and International Relations.

3RD EDITION

Foundations of Public Service

E Pluribus Unum

**Douglas F. Morgan, Richard T. Green, Craig W. Shinn, Kent S. Robinson, Margaret E. Banyan**

Designed to serve as a basic text for introductory courses in public administration, this pioneering work provides students with a clear-eyed understanding of the vital management functions covered in most standard textbooks with two important differences. First, is written to address the needs of both the experienced practitioner and the entry-level public servant. Second, the discussion of management practices is grounded in the political and ethical tensions inherent in the American constitutional form of governance. It is required reading for all introductory Public Administration courses with an emphasis on practice and real-world applications.

Public Administration

An Introduction

**Marc Holzer, Richard W. Schwesler**

Now in a thoroughly-revised 3rd edition, Public Administration: An Introduction provides students at all levels with a readable, cutting-edge, and affordable introduction to the field of public management. Carefully redesigned to address new developments in the field, this 3rd edition includes all-new chapters on data collection including 'big data,' and new material on trust in government, technology, a resurgence of interest in public and nonprofit service, fiscal stress, and the implications of long-neglected investments in infrastructure. All-new online student simulations provide hands-on experience working with concepts introduced in the book.

13TH EDITION

Public Administration and Public Affairs

Nicholas Henry

Public Administration and Public Affairs demonstrates how to govern efficiently, effectively, and responsibly in an age of political corruption and crises in public finance. Providing a comprehensive, accessible and humorous introduction to the field of Public Administration, this text is designed specifically for those with little to no background in the field. Now in its 13th edition, this beloved book includes extensive new material on e-governance, performance management, HRM, intersectoral and intergovernmental administration, government contracting, public budgeting, and ethics.

3RD EDITION

Public Administration in Theory and Practice

Raymond W Cox III

Hailed for its timelessness and timeliness, Public Administration in Theory and Practice examines public administration and provides students with an understanding of the practice of public administration. This revised third edition features an all-new 'Managerial Toolkit' section on important topics like transboundary interactions, citizen engagement, and decision making. Public Administration in Theory and Practice, 3e is an ideal introduction to the art and science of public administration for American MPA students, serving as essential secondary reading for upper-level undergraduate students seeking a fair and balanced understanding of public management.

The Public Administration Profession

Policy, Management, and Ethics

Bradley S. Chilton, Stephen M. King, Viviane E. Foyou, J. Scott McDonald

While many public administration texts contain a chapter on ethics, The Public Administration Profession is the first to utilize ethics as a lens for understanding the discipline. Analyses of the ASPA Code of Ethics are deftly woven into each chapter alongside complete coverage of the institutions, processes, concepts, persons, history, and typologies needed to gain a thorough grasp of public service as a field of study and practice. Providing students with a comprehensive introduction while offering instructors a new way to bring ethics prominently into the curriculum, this is an ideal introductory text for public admin and public affairs courses at the undergraduate or graduate level.

3RD EDITION

The Public Administration Theory Primer

H. George Frederickson, Kevin B. Smith, Christopher Larimer, Michael J. Licari

This book explores how the science and art of public administration is definable, describable, replicable, and cumulative. The authors survey a broad range of theories and analytical approaches—from public institutional theory to theories of governance—and consider which are the most promising, influential, and important for the field. It paints a full picture of how these theories contribute to, and explain, what we know about public administration today. The third edition is fully revised and updated to reflect the latest developments and research in the field including more coverage of governments and governance, feminist theory, emotional labor theory, and grounded research methodology.

8TH EDITION

The Public Administration Workbook

Dennis Dresang

The Public Administration Workbook, 8e is specifically designed with the theoretically-grounded, practice-minded student in mind. It reviews scholarship in political science, law, industrial psychology, and the sociology of organizations and then allows students to see how these intellectual fields inform the analytical and managerial tasks that comprise public administration. Where standard public administration textbooks examine the nature of public agencies and explain how bureaucracies relate to other institutions, this workbook promotes a more effective way of learning—by doing—and more directly prepares those who will pursue careers in public agencies.

American Judicial Process

Myth and Reality in Law and Courts

Pamela C. Corley, Artemus Ward, Wendy L. Martinek

This text is a general introduction to American judicial process. The authors cover the major institutions, actors, and processes that comprise the U.S. legal system, viewed from a political science perspective and specifically in terms of justice. Grounding their presentation in empirical social science terms, the authors identify popular myths about the structure and processes of American law and courts and then contrast those myths with what really takes place. American Judicial Process emphasizes how pop culture portrays—and often distorts—the judicial process and how social science research is brought to bear to provide an accurate picture of law and courts.

8TH EDITION

American Law and Legal Systems

James V. Calvi, Susan Coleman

American Law and Legal Systems examines the philosophy of law within a political, social, and economic framework with great clarity and insight. Readers are introduced to operative legal concepts, everyday law practices, substantive procedures, and the intricacies of the American legal system. Eliminating confusing legalese, the authors skillfully explain the basics, from how a lawsuit is filed through the final appeal. This new edition provides essential updates to forensic and scientific evidence, contract law, and family law, and includes new text boxes and tables to help students understand, remember, and apply central concepts.

Judicial Politics in the United States

Mark C. Miller

This book examines the role of courts as policymaking institutions and their interactions with the other branches of government and other political actors in the U.S. political system. Not only does this book cover the nuts and bolts of the functions, structures and processes of our courts and legal system, it goes beyond other judicial process books by exploring how the courts interact with executives, legislatures, and state and federal bureaucracies. It also includes a chapter devoted to the courts' interactions with interest groups, the media, and general public opinion and a chapter that looks at how American courts and judges interact with other judiciaries around the world.

7TH EDITION

Judicial Process and Judicial Policymaking

G. Alan Tarr

An excellent introduction to judicial politics as a method of analysis, the seventh edition of JUDICIAL PROCESS AND JUDICIAL POLICYMAKING focuses on policy in the judicial process. Rather than limiting the text to coverage of the U.S. Supreme Court, G. Alan Tarr examines the judiciary as the third branch of government, and weaves four major premises throughout the text: 1) Courts in the United States continue to play an important role in governing; 2) Judicial policymaking is a distinctive activity; 3) Courts make policy in a variety of ways; and 4) Courts may be the objects of public policy, as well as creators. Appropriate for all students of judicial policy and process.

Social Identity and the Law

Race, Sexuality and Intersectionality

Barbara L. Graham

This book is an important resource for inquiry into the relationship between law and social identity in the contexts of race, sexuality and intersectionality in the United States. Graham provides a systematic legal treatment of selected historical and contemporary civil rights and social justice issues. Throughout, an intersectional approach is at the center of understanding the meaning of equality and how groups have used the courts to fight discrimination. With a logical chapter structure and accessible writing style, this textbook is an essential companion for use on undergraduate courses on American constitutional law, civil liberties and civil rights, social justice, and race and law.

Contentious Politics in Brazil and China

Beyond Regime

December Green, Laura Luehrmann

This book offers a thought-provoking analysis of two very different countries dealing with many concerns and problems in surprisingly similar ways. With a focus on current issues, *Contentious Politics in Brazil and China* covers migration, urbanization, criminality, the environment, sexual politics and HIV-AIDS response, foreign policy, and international relations. This text not only illuminates each country's realities more clearly than traditional regional or regime-type comparisons can, but it offers unexpected insights into the study of state-society relations.

Latin America in the World

An Introduction

Edited by Antonia Garcia-Rodriguez, Daniel J. Greenberg

Series: Foundations in Global Studies

This text offers a fresh, comprehensive, multidisciplinary entry point to Latin America. After a brief introduction to the region, the early chapters survey the essentials of Latin American history; important historical narratives; and the region's languages, religions, and global connections. The second half of the book features interdisciplinary case studies, each of which focuses on a specific country or region and a particular issue. Readers will come away from this book with an understanding of the larger historical, political, and cultural frameworks that shaped Latin America as we know it today, and of current issues that have relevance in Latin America and beyond.

2ND EDITION

Latin American Democracy

Emerging Reality or Endangered Species?

Edited by Richard L. Millett, Jennifer S. Holmes, Orlando J. Pérez

The second edition of *Latin American Democracy* maintains the mix of practitioners and academic that composed the first edition. Contributors from both North and Latin America explore and assess the state of democratic consolidation in Latin America by focusing on the specific issues and challenges confronting democratic governance in the region. New chapters have been added on the process of decentralization and local government development; the factors affecting the environment and democratic governance in Latin America; and the challenges and opportunities of the increased Chinese presence in the region.

6TH EDITION

Nicaragua

Emerging From the Shadow of the Eagle

Thomas W. Walker, Christine J. Wade

Nicaragua: Emerging From the Shadow of the Eagle details the country's unique history, culture, economics, politics, and foreign relations. The thoroughly revised and updated sixth edition features new material covering political, economic, and social developments since 2011. This includes expanded discussions on economic diversification, women and gender, and social programs. Students of Latin American politics and history will learn the how the interventions by the United States 'the eagle' to 'the north' have shaped Nicaraguan political, economic, and cultural life, but also the extent to which Nicaragua is increasingly emerging from the eagle's shadow.

3RD EDITION

Politics In Chile

Socialism, Authoritarianism, and Market Democracy

Lois Hecht Oppenheim

The third edition of *Politics in Chile* provides significantly updated coverage of Chilean politics and economic development from the return to civilian rule in 1990 to the 2006 election and early administration of Socialist Michelle Bachelet, Chile's first woman president. Oppenheim focuses on recent efforts to reconstruct democratic practices and institutions. Chapters on the contemporary politics and economics under the civilian Concertaci governments are largely rewritten. Rather than focusing on the "search for development", this edition considers in greater depth the "exceptionalism" of the Chilean economic experiment through successive stages of stability, socialism, and neoliberalism.

Presidents and Democracy in Latin America

Edited by **Manuel Alcántara, Jean Blondel, Jean-Louis Thiébault**

This new textbook provides students with a comprehensive and accessible introduction to the presidents and presidential leadership in Latin America. Unlike other texts, *Presidents and Democracy in Latin America* integrates both historical analysis and major theoretical perspectives with extensive country-specific material. Part One examines the personalization of political life and of presidential government to illustrate the character of Latin American politics. Part Two studies two presidents in six countries in the region which reflect the broad trends in the political and electoral life: Argentina, Brazil, Chile, Colombia, Mexico and Peru.

2ND EDITION

The Political Economy of Latin America

Reflections on Neoliberalism and Development after the Commodity Boom

Peter Kingstone

This brief text offers an unbiased reflection on debates about neoliberalism and its alternatives in Latin America with an emphasis on the institutional puzzle that underlies the region's difficulties with democratization and development. In addition to providing an overview of this key element of the Latin American political economy, Peter Kingstone also advances the argument that both state-led and market-led solutions depend on effective institutions, but little is known about how and why they emerge. Kingstone offers a unique contribution by mapping out the problem of how to understand institutions, why they are created, and why Latin American ones limit democratic development.

Comparative Latin American Politics

Ronald M. Schneider

Highlighting crucial periods of dynamic socioeconomic and political change, *Comparative Latin American Politics* provides a balanced, concise overview of select Latin American countries without underestimating the complexities of a region noted for its striking differences. Recognizing that political institutions and cultures are built over generations, author Ronald M. Schneider examines the period from independence to 1930 and from 1930 to the present day. Each part devotes chapters to specific country coverage as well as meaningful comparative perspectives that illuminate the political evolution of the region and offer salient lessons for other developing parts of the world.

10TH EDITION

Keen's Latin American Civilization, Volume 1

A Primary Source Reader, Volume One: The Colonial Era

Robert M. Buffington, Lila Caimari

The tenth edition of *Keen's Latin American Civilization* inaugurates a new era in the history of this classic anthology by dividing it into two volumes. This first volume retains most of the colonial period sources from the ninth edition but with some significant additions including two new sets of images (representations of Brazilian cannibals and 'casta paintings' of mixed race families), an alternative conquest narrative, two new readings on imperial governance, and three new readings on gender and sexuality, including selections from the autobiography of a Spanish nun who took on a male persona to fight as a soldier in the American colonies.

10TH EDITION

Keen's Latin American Civilization, Volume 2

A Primary Source Reader, Volume Two: The Modern Era

Robert M. Buffington, Lila Caimari

The tenth edition of *Keen's Latin American Civilization* inaugurates a new era in the history of this classic anthology by dividing it into two volumes. This second volume retains most of the modern period sources from the ninth edition but with some significant additions including a new set of images and a wide range of new sources that reflect the latest events and trends in contemporary Latin America. The 75 excerpts in volume two provide foundational and often riveting first-hand accounts of life in modern Latin America. Concise introductions for chapters and excerpts provide essential context for understanding the primary sources.

5TH EDITION

Latin America

Its Problems and Its Promise: A Multidisciplinary Introduction

Jan Knippers Black

Now in a fifth edition, *Latin America* has been updated to reflect the region's growing optimism as economies stabilize, trade diversifies, and political systems become more participatory. New sections address current events including deforestation in Costa Rica and Brazil, emerging social movements, Ecuador's new constitution, and Obama's stated objectives to repair U.S. relations with the region. Other key topics include: women and Latin American politics, anti-American sentiment, election results in Bolivia, Brazil, and Nicaragua amongst others. Through a hybrid thematic and regional organization, this text provides an essential foundation for introductory courses on Latin America.

Latin America in the World

An Introduction

Edited by **Antonia Garcia-Rodriguez, Daniel J. Greenberg**

Series: *Foundations in Global Studies*

This text offers a fresh, comprehensive, multidisciplinary entry point to Latin America. After a brief introduction to the region, the early chapters survey the essentials of Latin American history; important historical narratives; and the region's languages, religions, and global connections. The second half of the book features interdisciplinary case studies, each of which focuses on a specific country or region and a particular issue. Readers will come away from this book with an understanding of the larger historical, political, and cultural frameworks that shaped Latin America as we know it today, and of current issues that have relevance in Latin America and beyond.

Understanding U.S.-Latin American Relations

Theory and History

Mark Eric Williams

This book examines U.S.-Latin American relations from an historical, contemporary, and theoretical perspective. By drawing examples from the distant and more recent past, Williams illustrates the enduring principles of International Relations theory and provides students the conceptual tools required to help them organize facts, think systematically about issues, weigh competing explanations, and have confidence in their own conclusions regarding the past, present, and future of international politics in the region. 1. Why U.S.-Latin American Relations Matter (And Sometimes seem Unintelligible) 2. Foreign Policy Determinants: International Systems and Levels of Causality 3. The Expansion of American Power 4. Hemispheric Relations through WWII 5. The Cold War Comes to Latin America 6. Crisis Management 7. Responding to Revolutions 8. Globalization and Interdependence 9. Hemispheric Relations in the 21st Cc

2ND EDITION

Making Sense of Media and Politics

Five Principles in Political Communication

Gadi Wolfsfeld

In the new edition of this classic text, Gadi Wolfsfeld illustrates the five major principles needed to understand the interrelationship of media and politics. The new edition includes: up-to-date coverage of major political events in the last decade, including the landmark US elections of 2016 and 2020, an exploration of the "hybrid media system" that has developed over the last decade, discussions of misinformation and threats to democratic institutions, new forms of political engagement, and the economic base of the various forms of media,

2ND EDITION

New Directions in Media and Politics

Edited by **Travis N. Ridout**

Series: New Directions in American Politics

The field of media and politics is quickly changing as society transforms and new technologies develop. Academic research in the area is rapidly breaking new ground to keep pace with these developments. This text, now in its second edition, moves beyond rudimentary concepts and definitions to consider the exciting scholarly research that addresses the monumental changes in the media system of the United States and the world.

The Independent Voter

Thom Reilly, Jacqueline S. Salit, Omar H. Ali

Drawing on historical and contemporary data (including survey data, participant observation, interviews, and current writings and scholarship), and providing timely new analysis, the authors of this groundbreaking text argue that independent voters are an engine for a transformation of US democracy, perhaps even its saviors. For a wide variety of audiences, this book gives students, scholars, campaign professionals, activists, and media analysts insight into current voting dynamics and future possibilities.

Contested Concepts in Migration Studies

Edited by Ricard Zapata-Barrero, Dirk Jacobs, Riva Kastoryano

Series: *Routledge Series on Global Order Studies*

This volume demonstrates that migration and diversity related concepts are always contested and provides a reflective critical awareness and better comprehension of the complex questions driving migration studies. It will be essential reading for students, scholars and practitioners in migration studies/politics, migrant integration, citizenship studies, racism studies and more broadly of key interest to sociology, political science, and political theory.

Immigration in the 21st Century

The Comparative Politics of Immigration Policy

Terri Givens, Rachel Navarre, Pete Mohanty

This text provides an introduction to the politics of immigration policy in the U.S., Australia, Canada, and Europe. It gives students an overview of the theoretical approaches used by political scientists to analyze immigration politics and provides historical background to the policies and politics that affect democracies today. A comparative politics approach develops the context that explains how immigration and politics interact in different types of countries. Covering topics including party politics, labor migration, and citizenship, students gain an understanding of the complexities of immigration politics and how immigration policies are affecting the world today.

Introduction to International Migration

Population Movements in the 21st Century

Edited by Jeannette Money, Sarah Lockhart

Introduction to International Migration. Population Movements in the 21st Century engages the multiple dimensions of international migration research through a synthetic and comprehensible overview of the field, with global geographic coverage. The text provides basic knowledge for undergraduate students and serves as a springboard for graduate student research agendas. The chapter contributors are prominent women migration scholars detailing research in their respective areas of expertise.

4TH EDITION

Migration Theory

Talking across Disciplines

Edited by Caroline B. Brettell, James F. Hollifield

The revised fourth edition of Migration Theory continues to offer a one-stop synthesis of contemporary thought on migration. Editors Caroline B. Brettell and James F. Hollifield remain committed to include coverage that is comparative and global in scope while enhancing similarities and differences between academic fields. Designed for undergraduate and graduate courses in migration studies, a primary goal of the text is to assist instructors in guiding students who may have little background on migration to, understand important issues and debates. This makes the book a valuable guide not only to the perspectives of one's own discipline but to those of cognate fields.

How to Grow a Navy

The Development of Maritime Power

Geoffrey Till

Series: *Cass Series: Naval Policy and History*

This book examines the neglected topic of the development of maritime power. It uses both historical and contemporary events to analyse how maritime power and naval strength has been, and is being, developed, and shows what has worked and what has not, and uncovers the recurring patterns which explain past, present and future success - and failure. The book will be of much interest to students of maritime power, naval studies, and strategic studies, as well as to naval professionals.

Understanding the U.S. Military

Edited by **Katherine Carroll, William B. Hickman**

This book offers an accessible introduction to the U.S. military as an institution and provides insights into the military's structure and norms. Designed for undergraduate students, the book offers an interdisciplinary overview of America's armed forces through three critical lenses: (1) it introduces the military's constitutional and historical context; (2) it presents concise factual information; (3) it intersperses these facts with debates, theories, and questions to spark student interest, class discussion, and further research.

Race, Gender, and Culture in International Relations

Postcolonial Perspectives

Edited by **Randolph B. Persaud, Alina Sajed**

Persaud and Sajed have drawn together an outstanding lineup of scholars, with each chapter illustrating the ways these specific lenses (race, gender, culture) condition or alter our assumptions about world politics. The volume covers a wide range of topics including war, global inequality, postcolonialism, nation/nationalism, indigeneity, sexuality, celebrity humanitarianism, religion and conflict/militarism; illustrates the subject matter through case studies; and features pedagogical tools and resources in every chapter. Drawing together prominent scholars of international relations, this work shows why and how race, gender and culture matter.

4TH EDITION

Understanding Nonprofit Organizations

Governance, Leadership, and Management

Edited by **Lisa A. Dicke, J. Steven Ott**

This thoroughly revised fourth edition of Understanding Nonprofit Organizations addresses the governance, leadership, and management functions of the thousands of organizations in the nonprofit sector that provide an enormous range of services. The textbook provides a cohesive set of relevant readings for a course on nonprofit organizations and management, with original case studies that parallel the major themes presented. The book is also designed for individuals who are hoping or planning to move into paid or voluntary leadership and management positions in nonprofit organizations — as well as for those already involved with nonprofits.

4TH EDITION

European Union

Power and policy-making

Edited by **Jeremy Richardson, Jeremy Richardson, Sonia Mazey**

European Union: Power and Policy-Making 4th edition offers a comprehensive and accessible introduction to the European Union. Aimed at advanced undergraduate and postgraduate students, its primary goal is to advance understanding of the European integration process in terms of the EU as a maturing and ongoing policy system. With an aim to stimulating students' interest, this book addresses some of the more contentious areas whilst also continuing to cover the vital elements of EU courses.

9TH EDITION

How Parliament Works

Edited by **Nicolas Besly, Tom Goldsmith**

Parliament is constantly in the news and televised daily, but much of its work remains a mystery to outsiders and is sometimes perplexing even to its own members. Written by expert insiders, How Parliament Works is a straightforward and readable analysis of one of the country's most complex – and often misunderstood – institutions. How Parliament Works is essential reading for anyone who has anything to do with the Westminster Parliament: journalists, civil servants, lawyers, lobbyists, business and trade associations, diplomats, overseas parliaments and international bodies – and indeed members of both Houses.

3RD EDITION

Contemporary Spanish Politics

**José M. Magone**

This fully revised and updated 3rd edition reflects the considerable changes in Spain over the last decade as the country celebrates 40 years of its constitution. Thoroughly examining Spain's historical background, political culture, core political institutions and foreign policy-making, each chapter provides a research-based overview of the studied topic which can then be used as the basis for further research by students.

The Peacemaker's Paradox

Pursuing Justice in the Shadow of Conflict

Edited by **Priscilla B. Hayner**

Building on her path-breaking *Unspeakable Truths*, Priscilla Hayner expands her focus on truth commissions to explore peace negotiations and conflict resolution in the world's toughest cases of civil war. Drawing on first-hand involvement in the peace process and dozens of interviews with peacemakers and war criminals, Hayner shows the peace vs. justice debate in action and offers a model for balancing the concerns of ending the violence and righting wartime wrongs. *The Peacemaker's Paradox* delves into fresh new case studies like Gaddafi's Libya and the FARC in Colombia, and probes the ICC's role and offers recommendations for harnessing its power in even the most intractable conflicts.

Understanding Humanitarian Protection

Noele Crossley

This textbook provides an introduction to humanitarian protection, a field of study concerned with international responses to armed conflict, political violence, and humanitarian crises. Divided into three parts, covering the origins of the humanitarian regime, the actors involved, and the responsibilities of the actors, it offers an accessible entry point into the major contemporary debates. This book will be of much interest to students of human protection, humanitarianism, the Responsibility to Protect, human security, peacekeeping, and International Relations.

International Public Policy Analysis

George Guess, Thomas Husted

International Public Policy Analysis is the first textbook to take a truly comparative and cross-cultural approach, organized around policy issues, to examine important policy 'lessons' that affect the everyday lives of citizens. Guess and Husted demonstrate that incremental, marginal changes in sectoral policy systems using cross-national lessons can lead to larger changes in country policies, democracy, and better governance. Jargon-free and using a cross-cultural approach, the individual chapters in this book utilize a 3-level analysis to review the policy issue areas, present analytic tools and frameworks, and provide cases/exercises for practice in applying the methods and frameworks.

6TH EDITION

Policy Analysis

Concepts and Practice

David Weimer, Aidan Vining

Often described as a Public Policy 'bible,' Weimer and Vining remains the essential primer it ever was. Now in its 6th edition, Policy Analysis provides a strong conceptual foundation of the rationales for, and the limitations to, public policy. It offers practical advice about how to do policy analysis, but goes a bit deeper, to demonstrate the application of advanced analytical techniques through the use of case studies. Policy Analysis: Concepts and Practices remains a comprehensive, serious, and rich introduction to policy analysis for students in public policy, public administration, and business programs.

Policy Analysis in the Twenty-First Century

Complexity, Conflict, and Cases

Beryl Radin

Policy Analysis in the Twenty-First Century is designed to familiarize students with the diversity of experiences that they can expect to face in their practitioner role. Author Beryl Radin bases the discussion on case studies that illustrate realities in the current policy analysis environment and demonstrate the volatility and complexity of decision environments. Players in the cases illustrate three different stages of a career (beginning the career, mid-career, and people at the end of their career). This book will be required reading for faculty and masters level students in both public management and policy analysis classes. It may also be used in executive programs.

6TH EDITION

Public Policy Analysis

An Integrated Approach

William N. Dunn

Public Policy Analysis provides students with a comprehensive methodology to conduct policy analysis and bridge theory and practice. Designed to prepare students from a variety of academic backgrounds to conduct policy analysis on their own, without requiring a background in microeconomics, Public Policy Analysis helps students develop the practical skills needed to communicate those findings through memos, position papers, and other forms of structured analytical writing. The text engages students by challenging them to critically analyze the arguments of policy practitioners as well as political scientists, economists, and political philosophers.

Political Economy of the United States

Joel W. Johnson

This book provides an introduction to the contemporary political economy of the United States. It examines the politics of economic policymaking, the influence of federal policies and programs on the economy, and the co-evolution of politics and the economy over the past five decades. Along the way, it explains the causes and consequences of many contemporary phenomena, such as the government's deficits and debt and the ideological polarization of the parties.

The Anarchist Imagination

Anarchism Encounters the Humanities and the Social Sciences

Edited by **Carl Levy, Saul Newman**

Series: *Interventions*

This is a broad ranging introduction to 21st century anarchism which includes a wide array of theoretical approaches as well as a variety of empirical and geographical perspectives. The book demonstrates how the anarchist imagination has influenced the humanities and social sciences including anthropology, art, feminism, geography, international relations, political science, postcolonialism and sociology. This work will be essential reading for scholars and students of anarchism, the humanities and the social sciences.

Totalitarianism

The Basics

Phillip W. Gray

Series: The Basics

Totalitarianism: The Basics is an easy to read introduction into the main concepts, ideologies, and regimes associated with totalitarianism. Easily accessible language and the use of examples aids readers in seeing connections between certain types of ideologies and some forms of organization/movements in their relation to historically well-known totalitarian regimes. The book offers an essential introduction for students from all backgrounds seeking to understand totalitarianism and for general readers with an interest in political ideologies and extremism. For those knowledgeable in this field, it adds conceptual relevance and varieties of ways of thinking about the term.

Rebellion in America

Citizen Uprisings, the News Media, and the Politics of Plutocracy

Anthony DiMaggio

This book looks at the progression of modern social uprisings in the post-2008 period, including the Tea Party, Occupy Wall Street, Black Lives Matter, the Bernie Sanders "Revolution," Trump's populism, the anti-Trump revolt, and #MeToo. A key theme is that populism and mass anger at the political-economic status quo take different forms depending on whether the protests are progressive-left or right-wing in orientation. Employing theories of elite politics and pluralism, and using a mixed-methods approach, this text is aimed at courses on social movements wherever they're taught, and also offers general readers insight into contemporary politics and protest.

18TH EDITION

Party Politics in America

Marjorie Randon Hershey

Considered the "gold standard" of political parties texts, this new, eighteenth edition of *Party Politics in America* moves its comprehensive and authoritative coverage into the age of deepened partisan conflict, expanded presidential power, and global health threats. Marjorie Hershey builds on the book's three-pronged coverage of party organization, party in the electorate, and party in government and integrates important developments in racial politics, social media use, and battles over access to the vote. The book uses contemporary examples to bring to life the fascinating story of how parties shape our political system.

2ND EDITION

Political Psychology

Situations, Individuals, and Cases

**David Patrick Houghton**

This text provides a concise, readable, and conceptually organized introduction to the topic. Houghton's examples challenge students to place themselves in both real and hypothetical situations which involve intense moral & political dilemmas. The text asks students throughout to consider whether situations or dispositions matter more in political decision making. The new edition includes a new chapter on the psychology of the media & communication. Houghton has also updated the text to analyze recent political events such as the 2012 election, and to include up-and-coming research in the areas of neuroscience, behavioral economics, and more.

Understanding Global Politics

Actors and Themes in International Affairs

Edited by **Klaus Larres, Ruth Wittlinger**

This book provides undergraduate and postgraduate students of global politics and international relations with the necessary knowledge of the forces that shape and dominate our global political, economic and social/cultural environment. The book significantly enhances our understanding of the essentials of contemporary international affairs. The comprehensive structure of this book makes it particularly viable to students who wish to pursue careers in international organizations, diplomacy, consultancy, the think tank world, and the media.

Globalizing Political Theory

Edited by **Smita A. Rahman, Katherine A. Gordy, Shirin S. Deylami**

With the help of this textbook, students of political theory no longer need to learn about ideas in a vacuum with little or no attention paid to how such ideas are responses to varying local political problems in different places, times, and contexts. Committed to a multiplicity of perspectives and an active engagement between the global and the local, *Globalizing Political Theory* connects directly with undergraduate and graduate-level courses in political theory, global political theory, and non-western political thought.

Ideals and Ideologies

A Reader

Edited by **Terence Ball, Richard Dagger, Richard Dagger, Daniel I. O'Neill, Daniel I. O'Neill**

Ideals and Ideologies: A Reader is a comprehensive compilation of classic and original readings representing all of the major 'isms'. It offers students a generous sampling of key thinkers in different ideological traditions and places them in their historical and political contexts. Used on its own or with *Political Ideologies and the Democratic Ideal*, the title accounts for the different ways people use ideology and conveys the ongoing importance of ideas in politics.

4TH EDITION

Introduction to Political Theory

By **Paul Graham, John Hoffman**

This vibrant and significantly revised new edition is a comprehensive and accessible text for studying political theory in a changing world. Key updates include new chapters on Migration, and Freedom of Speech, with a significant new section on the radical right; and thought-provoking case studies to bring the theory to life including social media and internet regulation, Brexit and the EU, anti-vaxxer campaigns, surrogacy tourism, and autonomous anarchist zones. This textbook is the perfect accompaniment to undergraduate study in political theory, political philosophy, concepts and ideologies, and more broadly to the social sciences and philosophy.

Political Ideologies and the Democratic Ideal

Edited by **Terence Ball, Richard Dagger, Daniel I. O'Neill**

Political Ideologies and the Democratic Ideal analyzes political ideologies to help readers understand individual ideologies, and the concept of ideology, from a political science perspective. This best-selling title promotes open-mindedness and develops critical thinking skills. It covers a wide variety of political ideologies from the traditional liberalism and conservatism to recent developments in liberation politics, the emergence of the Alt-Right, and environmental politics.

The Art and Craft of Political Theory

By **Leslie Paul Thiele**

The Art and Craft of Political Theory provides a critical overview of the discipline's core concepts and concerns and its development of critical thinking and practical judgment. The field's interdisciplinary strengths are deployed to grapple with emerging issues and engage afresh enduring ideals and quandaries. While conventional definitions of key concepts are provided, original and controversial perspectives are also explored, revealing continuity in a tradition of thought while emphasizing its diversity and innovations. This concise, lively, and accessibly written book is essential reading for all students of political theory.

American Presidents and the United Nations

Internationalism in the Balance

John Moore, Jr., Jerry Pubantz

This book places the UN-U.S. relationship within the evolving fabric of international affairs and American political developments through the 2020 presidential election, into the early Biden administration. The text integrates analyses of individual presidential politics and presidential foreign policy preferences from Franklin Roosevelt through Donald Trump, with congressional responses, and seemingly ever-accelerating, troublesome, and often unanticipated international crises. Essential for students, scholars, and general readers alike.

3RD EDITION

New Directions in the American Presidency

Edited by Lori Cox Han

Series: New Directions in American Politics

The third edition of *New Directions in the American Presidency* has been revised throughout to include coverage of the Trump presidency, the historic 2020 presidential campaign and its aftermath, and the first two years of the Biden presidency. Two new chapters on "unitary presidential powers" and "intersectionality in presidential candidates" provide keen insight on the changes in the development and perception of the executive branch. For scholars of presidential studies, this book offers new and relevant literature that explores the lessons and legacies of the American presidency.

2ND EDITION

Presidency and Domestic Policy

Comparing Leadership Styles, FDR to Obama

Michael A. Genovese, Todd L. Belt, William W. Lammers

This book systematically examines the first terms of every president from FDR to Barack Obama and assesses the leadership style and policy agenda of each. Success in bringing about policy change is shown to hinge on the leadership style and skill in managing a variety of institutional and public relationships. The second edition of this timely book adds chapters on George W. Bush and Obama and focuses on the significant domestic policy challenges of their respective times. The authors have reconfigured the analytical framework of the book to take into account the 'dynamic opportunity structure' that emerged during the George W. Bush administration. *The Presidency and Domestic Policy* provides unique insights into contemporary presidential leadership in a highly partisan age.

Presidential Leadership in Crisis

Defining Moments of the Modern Presidents from Franklin Roosevelt to Donald Trump

Kenneth Walsh

Crises pose a challenge to leaders as no other tests they confront. In this comprehensive and timely book, veteran journalist Kenneth T. Walsh offers a probing look at how presidents from FDR to Trump dealt with crises they faced. Including domestic as well as international issues, this book stands apart from other accounts of presidents in crisis. Walsh is in search of lessons we can learn, and his findings focus on the presidential attributes and skills that matter most in trying times. This expertly crafted, elegantly written book is appropriate for a variety of college courses and will find its way onto the reading lists of ambitious politicians and interested citizens alike.

Presidential Power

Theories and Dilemmas

John P. Burke

Presidential Power: Theories and Dilemmas by noted scholar John P. Burke provides an updated and comprehensive look at the issues, constraints, and exercise of presidential power. This book considers the enduring question of how presidents can effectively exercise power within our system of shared powers by examining major tools and theories of presidential power, including Neustadt's theory of persuasion and bargaining as power, constitutional and inherent powers, Samuel Kernell's theory of going public, models of historical time, and the notion of internal time.

The Biden Presidency

Politics, Policy, and Polarization

Stephen J. Wayne

This book is among the first serious looks at the first year of the Biden administration and its many challenges. This book assesses the successes and shortfalls of the Biden administration's first year, putting all in perspective of the current state of democracy in America. Intended to introduce students of American government to the person (Biden) and the institution (Presidency) within a particular system (separation of powers), this book will appeal broadly to citizens, media, and general interest readers in the US and abroad.

4TH EDITION

The Development of the American Presidency

Richard Ellis

Through comprehensive and in-depth coverage, Richard Ellis looks at how the presidency has evolved in relation to the public, to Congress, to the executive branch, and to the law, showing at every step how different aspects of the presidency have followed distinct trajectories of change. This fully updated new edition includes coverage of the Trump presidency, the first year of the Biden presidency, discussions of political polarization, changes in the judiciary, and proposed reforms.

2ND EDITION

The President as Leader

Michael Eric Siegel

By analyzing the leadership skills of six recent American presidents, this book seeks to de-mystify the elements and dynamics of effective presidential leadership which our democracy has come to depend upon and value. Building on the pioneering work of political scientist Fred Greenstein and others, this book argues that leadership in the White House can be explained and assessed by using a consistent set of criteria to analyze presidential performance. Siegel shows that presidential leadership is exercised by real, flawed human beings, and not by superheroes or philosopher-kings beyond the reach of scrutiny or critique.

The Unitary Presidency

Graham Dodds

Series: Presidential Briefings Series

The unitary executive theory holds that the US president alone embodies all executive power and therefore has unlimited authority over the many people and institutions within the executive branch. Proponents say this role is faithful to the Constitution, facilitates the sort of energetic executive that Alexander Hamilton favored, and enhances administrative efficacy and political accountability. Critics say this arrangement is dangerously close to the monarchical power that provoked the American Revolution—and especially threatening in the era of Donald Trump. This book examines how controversies about unitary executive power have played out from the founding era to the present day.

6TH EDITION

Budgetary Politics in American Governments

James Gosling

@text This comprehensive book describes and analyzes the substance and politics of public budgeting at the national, state, and local levels of government. This fully updated sixth edition provides an extensive and thorough analysis of the causes of the Great Recession, its economic consequences, and the policy responses which pushed the boundaries of conventional monetary and fiscal policy. Also new to this edition is a chapter on the intergovernmental dimensions of public budgeting, along with boxed features highlighting hands-on vignettes of contemporary practical challenges facing budget makers at the different levels of government.

3RD EDITION

Cost and Optimization in Government

An Introduction to Cost Accounting, Operations Management, and Quality Control

Aman Khan

Series: Public Administration and Public Policy

The careful management of costs and operations are two of the most essential elements for successful operation of any organization – public, private, or nonprofit. This book demonstrates that a good grounding in cost basics, especially those related to cost accounting, operations management, and quality control can help all organizations, in particular government, increase efficiency, improve performance, and, in the end, do a better job of running its everyday operation. Cost and Optimization is required reading for practicing public managers and students of public administration in need of a clear, concise guide to maximizing public resource efficiency.

Government Budgeting and Expenditure Management

Principles and International Practice

Salvatore Schiavo-Campo

Government budgets should be the financial mirror of society's choices, and sound management of public expenditure at the core of a well-functioning state. However, most see budgeting as uninteresting, and core concepts are rarely explained understandably to the non-specialist or presented with adequate consideration of a country's governance and institutional capacity. Government Budgeting and Expenditure Management redresses both of these failings. Each chapter progresses from basic principles to more technical aspects and on to implementation issues, using concrete examples and illustrations from countries at different levels of income and administrative capacity.

Investment Aftercare Explained

A Guide for FDI Practitioners and Policymakers on How to Grow and Retain Investors

Carolina Arriagada Peters, David Coble, Toby X. Li, Brendan Lewis

This book is the first to systematically map the last step of the foreign investor's journey, usually referred to as post-investment, aftercare or business retention and expansion. This book is an essential read for all public administration staff related to FDI attraction and promotion, practitioners in the private sector and FDI consultants. It will also be of great interest to multilateral organizations seeking to organize seminars and training courses for capacity building. The book will also benefit researchers, academics and postgraduate students of international relations, foreign trade and internationalization.

Performance Budgeting Reform

Theories and International Practices

Edited by Alfred Ho, Maarten de Jong, Zaozao Zhao

Using different theoretical frameworks that examine the political, organizational, and cultural dynamics of performance budgeting, this book examines the reasons performance budgeting has been adopted in a variety of countries, how it has been implemented, and why it succeeded or failed. Chapters include cases across a wide range of regions including the US, Africa, Asia, Australia, Europe, Latin America, and the Middle East. Contributors include both scholars and seasoned practitioners with extensive experience in implementing or advising performance budgeting reforms.

Leadership in Public and Nonprofit Organizations

An Introduction

Montgomery Van Wart, Paul Suino, Montgomery Van Wart, Pamela S. Medina

Leadership in Public and Nonprofit Organizations, Fourth Edition provides a compact but complete analysis of leadership for students and practitioners who work in public and nonprofit organizations. This essential core text is designed specifically for upper-level and graduate public administration and nonprofit management courses on leadership, but it has also proven an indispensable guidebook for professionals seeking insight into the role of successful leadership behavior in the public and nonprofit sectors. It can further be used as supplementary reading in introductory courses examining management competencies, in leadership classes, and in organizational theory classes.

New Public Leadership

Making a Difference from Where We Sit

Douglas F. Morgan, Marcus D. Ingle, Craig W. Shinn

Most leadership literature stems from and focuses on the private sector, emphasizing personal qualities that bind leaders and followers to a shared purpose. As New Public Leadership argues, if these shared purposes do not build trust and legitimacy in public institutions, traditional leadership tropes fall short of the standard demanded by contemporary public servants. The authors have developed a leadership education and training framework designed to encourage public service professionals to 'lead from where they sit.' This book presents that comprehensive, integrated, and practical leadership framework, grounded in the uniqueness of public legal missions, culture, history and values.

3RD EDITION

Public Opinion**Carroll J. Glynn, Susan Herbst, Mark Lindeman, Garrett J. O'Keefe**

Public Opinion is a comprehensive and multidisciplinary examination of public opinion in the United States. Drawing on scholarship in political science, psychology, sociology, and communications, the authors explore the nature of political and social attitudes in the United States and how these attitudes are shaped by various institutions, with an emphasis on mass media. The book also serves as a provocative starting point for the discussion of citizen moods, political participation, and voting behavior. Feature boxes and illustrations throughout help students understand all aspects of the elusive phenomenon we call public opinion.

3RD EDITION

New Directions in Public Opinion*Edited by* **Adam J. Berinsky***Series: New Directions in American Politics*

The 2016 elections called into question the accuracy of public opinion polling while tapping into new streams of public opinion. The third edition of this well-established text addresses these questions and adds new perspectives to its authoritative line-up. The hallmark of this book is making cutting edge research accessible and understandable to students and general readers. Here we see a variety of disciplinary approaches to public opinion reflected including psychology, economics, sociology, and biology in addition to political science. An emphasis on race, gender, and new media puts the elections of 2016 into context and prepares students to look ahead to 2020 and beyond.

Routledge

November 2019:412

eBook: 978-1-351-05462-1

* For full contents and more information, visit: www.routledge.com/9781138483569**People and Their Opinions****Eric B. Shiraev, Richard Sobel**

Utilizing both a critical thinking approach and a comparative perspective throughout the text, Sobel and Shiraev provide comprehensive coverage of public opinion while also teaching students the basic skills necessary for measurement, understanding, and interpreting. Written in an accessible and engaging manner, this text provides a unique and practical introduction to the field of public opinion. The book begins by "schooling" the reader in how to think critically and then helps students apply those techniques as they encounter the concepts of public opinion. The text also employs a comparative perspective, demonstrating the effect and nature of public opinion in other countries while also placing American public opinion in context.

2ND EDITION

Managing Diversity In Public Sector Workforces

Norma M. Riccucci

Public and private sector workforces in the U.S. look very different today than they did even 25 years ago. The changes are having a significant effect on how organizations manage their workforces. The old styles of managing heterogeneous workforces are proving to be ineffectual, and so management strategies aimed at embracing diversity and inclusion are essential. Managing Diversity in Public Sector Workforces, Second Edition examines demographic changes to the U.S. labor force and workplace and the ways in which government employers are managing the diverse populations that now fill public sector jobs.

Managing Diversity, Equity, and Inclusion in Public Service Organizations

A Liberatory Justice Approach

Rashmi Chordiya, Meghna Sabharwal

Managing Diversity, Equity, and Inclusion in Public Service Organizations: A Liberatory Justice Approach is a textbook designed to facilitate courageous conversations and engage readers in the principles and practice of solidarity to transform systems of oppression. Examining dimensions of race, gender, sexual orientation, disabilities, and their intersectionality in the context of diverse, multi-generational organizations, textbook reimagines the role of public service in fostering sustainable and transformative change. It is required reading for all current and future public servants.

The Human Resource Management of Political Staffers

Insights from Prime Ministers' Advisers and Reformers

Jennifer Lees-Marshment

The Human Resource Management of Political Staffers: Insights from Prime Ministers' Advisers and Reformers explores the human resource management of political staffers and advisers who work for politicians. It is a must-have guide to current and future advisers, politicians and ministers. Human Resource Management for political staffers is important not just for the individuals but to enable taxpayer-funded staffers to perform more effectively, which will in turn help elected politicians deliver for voters.

American Public Policy

Federal Domestic Policy Achievements and Failures, 1901 to 2022

Dennis W. Johnson

This is a sweeping narrative of American Domestic Public Policy—its triumphs, struggles, and failures over the past one hundred and twenty years. In a larger sense, it is a reflection on how the United States has grown and matured, faced challenges and opportunities, and how its federal leaders and policymakers have responded or failed to address pressing problems. Moreover, American public policy addresses the hurdles and challenges that still lie ahead.

5TH EDITION

An Introduction to the Policy Process

Theories, Concepts, and Models of Public Policy Making

Thomas A. Birkland

Now in a thoroughly-revised 5th edition, *An Introduction to the Policy Process* provides students at all levels with an accessible, readable, and affordable introduction to the field of public policy. This edition includes examinations of new policy theory developments like the Narrative Policy Framework (NPF) and "What Does the Research Say?" boxes, demonstrating the ways in which concepts are applicable to policy problems. Providing the most up-to-date overview of the policy process, this book is ideal for upper level undergraduate and introductory graduate courses in Public Policy, Public Administration, and Political Science programs.

Methods of the Policy Process

Edited by Christopher M. Weible, Samuel Workman

Methods of the Policy Process allows the leading researchers in the different theoretical traditions a space to share the means by which they put their research into action. *Methods of the Policy Process* is especially beneficial to people new to the field, including students enrolled in policy process courses, as well as those without access to formal training. For scholars experienced in applying theories, this edited volume is a helpful reference to clarify best practices in research methods.

3RD EDITION

Public Policy

Preferences and Outcomes

Christopher A. Simon

Now in a thoroughly revised third edition, *Public Policy: Preferences and Outcomes* is designed to help undergraduate students enrolled in a public policy course discuss policy issues and to understand the ways in which public policy is grounded in normative theory. This approachable book examines the role of political theory in the governance process, the effect of public opinion on policy priorities and government, and introduces students to the tools of policy analysis and the most up to date policy theories in conceptualizing public policy in several major policy areas.

6TH EDITION

Public Policy in the United States

Challenges, Opportunities, and Changes

Mark Rushefsky, Mark E. Rushefsky

Offering the widest breadth of policy issue coverage on the market, this text covers events through the 2016 elections and beyond. The 6th edition maintains its clear approach and popular threefold structure: First, it introduces readers to the American approach to public policy making as it has been shaped by our political institutions, changing circumstances, and ideology. Second, it surveys all major policy areas from foreign policy to health care policy to environmental policy, with well-selected illustrations, case studies, terms, and study questions. Third, it provides analytical tools and frameworks to examine current problems and critique proposed public policy solutions.

4TH EDITION

Public Policy Praxis

A Case Approach for Understanding Policy and Analysis

Randy Clemons, Mark K. McBeth

Public Policy Praxis, now in a thoroughly revised fourth edition, uniquely equips students to better grapple with ambiguity and complexity. By emphasizing mixed methodologies, the reader is encouraged, through the use of a wide variety of policy cases, to develop a workable and practical model of applied policy analysis. An expanded online Teaching Appendix is included for adopters, offering original cases, answers to problems, alternative approaches to case use, teaching exercises, student assignments, pedagogical ideas, and supplemental material directly tied to concepts covered in the text.

3RD EDITION

Public Policymaking in a Democratic Society

A Guide to Civic Engagement

**Larry N. Gerston**

This widely acclaimed book provides a clear and concise overview of public policymaking, designed to equip citizens to participate more effectively in the policymaking process. It gently introduces the reader to the players and institutions that comprise the public policymaking process of American society, and it demonstrates the many access points in the public policymaking process where one can participate. This book may be used in introductory courses on public policy, internships, or service-learning programs. It equally serves as an invaluable resource for any organized effort to involve citizens in community service and the exercise of civic responsibility.

2ND EDITION

The Public Policy Primer

Managing the Policy Process

**Xun Wu, M. Ramesh, Michael Howlett, Scott A. Fritzen***Series: Routledge Textbooks in Policy Studies*

Fully revised for a second edition, this essential guide provides a concise and accessible overview of the entire public policy process: agenda setting, policy formulation, decision making, implementation, and evaluation. Written from a comparative perspective, the authors include examples from a diverse range of countries at different stages of development, highlighting key principles and practices through which officials can effectively manage their policy processes and outcomes.

8TH EDITION

The Public Policy Process

**Michael Hill, Frédéric Varone**

This book is essential reading for anyone trying to understand the process by which public policy is made. Explaining clearly the importance of the relationship between theoretical and practical aspects of policymaking, this fully revised and updated 8th edition, gives a thorough overview of the people and organisations involved in the process. This text is essential reading for students of public policy, public administration and management, as well as more broadly highly relevant to related courses in health and nursing, social welfare, environment, development and local government.

5TH EDITION

Theories Of The Policy Process

*Edited by Christopher M. Weible*

Theories of the Policy Process provides a forum for the experts in policy process research to present the basic propositions, empirical evidence, latest updates, and the promising future research opportunities of each policy process theory. Theories of the Policy Process has been, and remains, the quintessential gateway to the field of policy process research for students, scholars, and practitioners. It's ideal for those enrolled in policy process courses at the undergraduate and graduate levels, and those conducting research or undertaking practice in the subject.

Ethics for Contemporary Bureaucrats

Navigating Constitutional Crossroads

Edited by **Nicole Elias, Amanda Olejarski**

Ethics for Contemporary Bureaucrats is organized around three constitutional values: freedom, property, and social equity. These themes are based on emerging trends in public administration and balanced with traditional ethical models. Each chapter provides an overview of a contemporary ethical issue, identifies key actors, institutions, legal and legislative policy, and offers normative and practical recommendations to address the challenges the issue poses. Rooted in a respected and time-tested intellectual history, this volume speaks to bureaucrats in a modern era of governance.

3RD EDITION

Ethics Management for Public and Nonprofit Managers

Leading and Building Organizations of Integrity

Donald C Menzel

Concise and comprehensive, this book takes a public management perspective on constructing ethical organizations. It includes a discussion of the U.S. constitutional and administrative environment in which officials carry out their duties, descriptions and assessments of the tools available to elected and appointed officials who are committed to building ethical organizations, unique coverage of ethics management around the world, with a focus on Europe and Asia, and hands-on skill-building exercises with active learning opportunities that conclude each chapter.

3RD EDITION

Public Service Ethics

Individual and Institutional Responsibilities

James S. Bowman, Jonathan P. West

Public Service Ethics: Individual and Institutional Responsibilities, Third Edition, introduces readers to a personally relevant and professionally challenging field of study. The narrative is user-friendly, highlighting dilemmas, challenging readers to resolve them, and enticing them to confront new issues. This third edition includes new topics such as the Green New Deal, Black Lives Matter, and the COVID-19 pandemic. All new case studies encourage students to apply concepts, and new end-of-chapter questions and exercises engage students in ethical issues. This lively and thorough new edition is required reading for all public administration and public policy students.

4TH EDITION

The New Public Service

Serving, Not Steering

Janet V. Denhardt, Robert B. Denhardt

The New Public Service asks us to think critically about what public service is, why it is important, and what values ought to guide what we do and how we do it. It celebrates what is distinctive, important, and meaningful about public service and considers how we might better live up to those ideals and values. The Fourth Edition includes a new chapter which examines how the significance of these New Public Service values have expanded in practice and research over the past fifteen years. This compact, clearly written volume provides an important framework for a public service based on citizen discourse and the public interest and demonstrates how these values have been put into practice.

5TH EDITION

Unmasking Administrative Evil

Danny L. Balfour, Guy B. Adams, Ashley E. Nickels

Unmasking Administrative Evil, 5th Edition argues that the tendency toward administrative evil, as manifested in acts of dehumanization and genocide, is deeply woven into the identity of public affairs. Laying the groundwork for a more ethical and democratic public life – one that recognizes its potential for evil, and avoids state-sponsored dehumanization and destruction – Unmasking Administrative Evil, 5th Edition is required reading for all students of administrative ethics and public service ethics, as well those in other administrative sciences.

9TH EDITION

American Politics and the African American Quest for Universal Freedom

Hanes Walton, Jr

This dynamic and comprehensive text from nationally renowned scholars continues to demonstrate the profound influence African Americans have had—and continue to have—on American politics. Using two interrelated themes—the idea of universal freedom and the concept of minority–majority coalitions—this updated text demonstrates how the presence of Africans in the United States affected the founding of the Republic and its political institutions and processes. The authors show that through the quest for their own freedom in the United States, African Americans have universalized and expanded the freedoms of all Americans.

7TH EDITION

Can We All Get Along?

Racial and Ethnic Minorities in American Politics

Paula McClain, Jessica Carew

This acclaimed text provides a comprehensive and accessible overview of the historical and contemporary political experience of the major American minority groups, exploring the similarities and differences in these groups' representation and participation in law, politics, and policymaking; discussing the enduring issues and concerns that they face; and examining intra- and inter-group competition and coalition-building in the face of enduring conflict and inequality. With a brand-new chapter on the intersections of race and gender, *Can We All Get Along?* remains unparalleled in its coverage of the current landscape of minority politics in the US.

Muslim Democracy

Politics, Religion and Society in Indonesia, Turkey and the Islamic World

Edward Schaefer

Muslim Democracy explores the relationship between politics and religion in forty-seven Muslim-majority countries, focusing especially on those with democratic experience, such as Indonesia and Turkey, and drawing comparisons with their regional, non-Islamic counterparts. Unlike most studies of political Islam, this is a politically-focused book, more concerned with governing realities than ideology. By changing the terms of the debate from theology to politics, and including the full complement of Islamic countries, Schaefer shows that the boundaries between church and state in the Islamic world are more variable and diverse than is commonly assumed.

6TH EDITION

Religion and Politics in America

Faith, Culture, and Strategic Choices

Allen D. Hertzke, Laura R. Olson, Kevin R. den Dulk, Robert Booth Fowler

Religion and politics are never far from the headlines, but their relationship in American politics remains complex and often confusing. This book offers an engaging, accessible, balanced treatment of this topic, exploring the contexts that motivate religious political engagement and assessing the political realities that religious organizations and people face.

2ND EDITION

An Introduction to Religion and Politics

Theory and Practice

Jonathan Fox

Series: *Routledge Studies in Religion and Politics*

This fully revised edition offers a comprehensive overview of the many theories of religion and politics and provides students with an accessible, in-depth guide to the subject's most significant debates, issues and methodologies. Asking the basic question of why religion remains relevant to politics in the modern era, Fox examines the influence of religious identity, beliefs, institutions and legitimacy on politics and surveys important approaches and issues found in the literature on religion and politics. This work will be essential reading for all students of religion and politics, comparative politics, international relations and security studies.

2ND EDITION

Applied Policy Research

Concepts and Cases

**J. Fred Springer, Peter J. Haas, Allan Porowski**

Beginning with an overview of policy research, Applied Policy Research, 2e walks students through an examination of case studies to demonstrate how these theories play out in real policy situations. Illustrative figures help students understand the stages of policy research, and end-of-chapter tools such as discussion questions, assignments and activities, and case studies 'at a glance' help students master not only the particulars of each case but the broader skills needed in future research. This book will be essential reading in all policy research courses with a focus on practical outcomes and student preparation for public service.

2ND EDITION

Public Administration Research Methods

Tools for Evaluation and Evidence-Based Practice

**Warren S. Eller, Brian J. Gerber, Scott E. Robinson**

In this textbook, Eller, Gerber, and Robinson show students of Public Administration exactly how to use both qualitative and quantitative research techniques to inform decision making. Uniquely, the book presents methodologies through real-life case studies, with each chapter exploring situations where a public manager can use research to answer specific questions, and how that research can inform future policy. To better orient the student, this second edition is thematically arranged and offers a new chapter on applied quantitative analyses.

3RD EDITION

Research Methods for Public Administrators

Third Edition

**Norman J. Johnson**

As in previous editions, this highly practical book is written with beginning MPA students and practitioners in mind. It focuses on the interpretation and use of research findings, not just number crunching. It covers the entire research process, from initial questions to final report, in clear, jargon-free language, and includes numerous easy-to-understand examples and exercises that provide opportunities for concrete applications of the concepts. It is solidly grounded in public administration and recognizes both the promise and limitations of research within a political environment. Author Gail Johnson demystifies and makes practical the research every public administrator and policy analyst needs to do the job well. Online instructor's materials, including a Test Bank, PowerPoint slides, and a Survey and Documental Analysis (SDA) guide, are also available to adopters.

6TH EDITION

The Foreign Policy of Russia

Changing Systems, Enduring Interests

Robert H. Donaldson, Vidya Nadkarni

Now fully updated, this text's sixth edition traces the lineage and development of Russian foreign policy chronologically, incorporating new coverage of domestic, regional, and international issues with the major powers and with other post-communist states, with an emphasis on tensions with the US and engagement with Ukraine, Crimea, and Syria. The authors' original modified-realist framework highlights the balance of power, importance of national interest, and sources of continuity and discontinuity in Russia's behavior in the world from tsarist times to the present day.

7TH EDITION

National Security

Donald M. Snow

The seventh edition of this highly successful textbook analyzes the history, evolution, and processes of national security policies. It examines national security from two fundamental fault lines: the end of the Cold War and the evolution of contemporary terrorism since 9/11. The book considers how the resulting era of globalization and geopolitics guides policy, covering everything from the global to the individual with the nation at its core. This book will continue to be highly beneficial to students and scholars working and studying in Security studies, Military and Strategic studies, Defence studies, Foreign Policy, US Politics and International Relations.

2ND EDITION

Research Methods in Critical Security Studies

An Introduction

Edited by **Mark B. Salter, Can E. Mutlu, Philippe M. Frowd**

This textbook surveys new and emergent methods for doing research in critical security studies, filling a gap in the literature. The 2nd edition has been revised and updated. The book will be essential reading for students and researchers in the field of critical security studies, and of interest to students in International Relations and the social sciences.

4TH EDITION

Security Studies

An Introduction

Edited by **Paul D Williams, Matt McDonald**

Security Studies: An Introduction, 4th edition, is the most comprehensive textbook available on the subject, providing students with in-depth coverage of traditional and critical approaches and an essential grounding in the debates, frameworks, and issues of the contemporary security agenda. Collecting these related strands into a single textbook creates a valuable teaching tool and a comprehensive, accessible learning resource for undergraduates and MA students.

4TH EDITION

Global Terrorism

James Lutz, Brenda Lutz

Global Terrorism, 4th edition continues to provide students with the most comprehensive introduction to terrorism as a global phenomenon. It introduces students to history, politics, ideologies, and strategies of both contemporary and earlier terrorist groups. Written in a clear and accessible style, each chapter explains a distinctive aspect of terrorism and discusses a wide variety of detailed case studies from around the world. The unique combination of a genuinely historical focus and truly global coverage makes this an ideal introductory textbook for anyone interested in the study of terrorism.

2ND EDITION

Human and National Security

Understanding Transnational Challenges

Derek S. Reveron, Kathleen A. Mahoney-Norris

To fully understand contemporary security studies, we must move beyond the traditional focus on major national powers and big wars. Modern threats to security include issues such as globalization, climate change, pandemic diseases, endemic poverty, weak and failing states, transnational narcotics trafficking, piracy, and vulnerable information systems. This book offers a fresh, detailed examination of these challenges that threaten human beings, their societies, and their governments today.

Understanding New Security Threats

Edited by **Michel Gueldry, Gigi Gokcek, Lui Hebron**

This book offers a methodical treatment of new forms of threats, insecurity, and uncertainty in a globalised world. The contributors here discuss and compare various case studies and theoretical approaches for their particular security issue to help students and instructors in their work. Authors also suggest remedial solutions for the security issues they identify. This book will be of great interest to students of international security studies, human security, global politics and International Relations.

Immigration in the 21st Century

The Comparative Politics of Immigration Policy

Terri Givens, Rachel Navarre, Pete Mohanty

This text provides an introduction to the politics of immigration policy in the U.S., Australia, Canada, and Europe. It gives students an overview of the theoretical approaches used by political scientists to analyze immigration politics and provides historical background to the policies and politics that affect democracies today. A comparative politics approach develops the context that explains how immigration and politics interact in different types of countries. Covering topics including party politics, labor migration, and citizenship, students gain an understanding of the complexities of immigration politics and how immigration policies are affecting the world today.

3RD EDITION

Inequality in America

Race, Poverty, and Fulfilling Democracy's Promise

Stephen Caliendo

Inequality in America takes an in-depth look at race, class, and gender-based inequality across a wide range of issues from housing and education to crime, employment, and health. The third edition has been thoroughly revised to include the most current data and cover recent issues and events such as Trump Administration policies, the #MeToo movement, and U.S. Supreme Court decisions affecting issues of racial representation and voting rights. Concise and accessible, Inequality in America paves the way for students to think critically about the attitudes, behaviors, and structures of inequality.

8TH EDITION

The Politics of Gun Control

Robert J. Spitzer

This book is the classic work on the tumultuous national gun debate in the US. The eighth edition brings together the latest research in gun politics, policy, law, history, and criminology and covers new topics including the Second Amendment sanctuary movement, the connection between the concealed gun carry movement and crime, the cascading troubles besetting the National Rifle Association coupled with a surging gun safety movement, the bump stock controversy, and the rise of red flag laws. This book provides a comprehensive and accessible source widely used by scholars, journalists, and in classrooms.

Unequal America

Class Conflict, the News Media, and Ideology in an Era of Record Inequality

Anthony DiMaggio

This book examines Americans and their beliefs about the class divide in the United States. It argues that Americans' beliefs about class and the economic divide develop through a multi-step process. Economic affluence influences the development of world view, measured in terms of ideology, partisanship, and self-identified class consciousness. Class consciousness in turn affects how people look at political and economic issues. This book is intended for scholars and students at every level who study inequality from a political, economic, or sociological position, along with general readers with a growing interest and awareness of the effects of inequality on our democracy.

5TH EDITION

Writing in Political Science

A Practical Guide

Diane E. Schmidt

A complete, professional resource for writing an effective paper in all subfields of political science, Diane Schmidt's 25th anniversary edition provides students with a practical, easy-to-follow guide for writing about political ideas, events, policies, passions, agendas, and processes. It offers additional formats and guidelines focusing on the growing use of social media and the need for professional communication in blogs, tweets, forums, media sites, lectures on demand, and postings on websites. A collection of student papers shows students how to write well for better grades.

Environmental Policymaking in an Era of Climate Change

Matthew Nowlin

A mix of existing political theory and original analysis, this book applies recent policy scholarship to questions of environmental governance, with a particular focus on climate change. It examines how competing political actors influence policies within and across institutions, focusing on both a macro-level, where formal bodies set the agenda, and a meso-level, where issues are contained within policy subsystems. This book will help students enrolled in environmental studies courses—as well as all those interested in the impacts of policy on climate change—to understand what is, and will likely continue to be, one of the most pressing policy issues of our time.

Global Equity in Administration

Nervous Areas of Governments

Edited by **Susan Gooden**

Governments around the world face the challenge of espousing principles of fairness but practicing inequity in their administration. This volume explores and expands our understanding of the concept of nervousness in the administration of government services around the world, demonstrating the ways in which such an emotional and physical reaction can debilitate government actions that are needed to promote social equity and justice. Each of the chapters in this edited volume focuses on a single country and examines a specific nervous area of government, highlighting important historical and political considerations, as well as specific evidence of promising progress.

Law and Public Policy

Kevin J. Fandl

In this ground-breaking new textbook, author Kevin Fandl develops a complete picture of society, from idea to action, by examining laws through the lens of policy, and vice versa. This holistic approach gives readers a chance to see not only why certain rules exist, but how those rules evolved over time and the events that inspired them. Tailored specifically for undergraduate and graduate students of public policy, this text introduces them to the role of law and legal institutions as facilitators and constraints on public policy, exploring those laws in a range of relevant policy contexts with the help of short case studies.

Race and Public Administration

Edited by **Amanda Rutherford, Kenneth Meier**

Issues of race permeate virtually every corner of policy creation and implementation in the United States, yet theoretically driven research on interactions of policy, race, and ethnicity rarely offers practical tools that can be readily applied by current and future civil servants, private contractors, or nonprofit boards. Arguing that scholarship can and should inform practice to address issues of equity in public affairs, rather than overlook, ignore, or deny them, *Race and Public Administration* offers a much-needed and accessible exploration of current and cutting-edge research on race and policy.

2ND EDITION

The American Welfare State

A Practical Guide

Brian J. Glenn

Through a practical introduction to the policies of the American welfare state—a wide-ranging subject much discussed but seldom described—this concise volume details the four main areas of social welfare policy: housing assistance, nutrition assistance, income assistance, and medical assistance. In this thoroughly updated second edition, author Brian Glenn outlines the ways in which social welfare programs differ, sometimes dramatically, from locality to locality. In short, this book is a fully updated and handy teaching and learning tool that fills a huge gap in the literature on a subject that many want to teach but often lack the resources to do.

8TH EDITION

The Environmental Policy Paradox

Zachary A. Smith, Peter Jacques

This eighth edition continues the book's tradition of offering an accessible introduction to the social, economic, legal, and political matters pertaining to environmental policy while also developing the student's own unique views. The text explains why some environmental ideas shape policy while others do not and illustrates that even when the best short- and long-term solutions to environmental problems are identified, the task of implementing these solutions is often left undone or is completed too late. A must buy for courses in Environmental Policy, Environmental Studies, and Public Policy; and as a supplement for courses in American Government and Public Administration.

The Opioid Epidemic in the United States

Missed Opportunities and Policy Failures

Kant B. Patel, Mark E. Rushefsky

This book examines the origins, development, and rise of the opioid epidemic in the United States from the perspective of the public policy process. It explores the national policy response to the opioid crisis, as well as state and local government responses and separation of powers, including how the three branches of government deal with the opioid problem. The authors conclude with a discussion of policy process tools that will be essential in fighting both the current crisis and the next one. The book is essential reading for policy analysis courses in political science, health, and social work programs, as well as for US policymakers at the local, state, and national levels.

America's State Governments

A Critical Look at Disconnected Democracies

Jennifer Bachner, Benjamin Ginsberg

This timely and important new work takes a critical look at government in the American states and illustrates the disconnect between state government institutions and their constituents. The text illuminates three basic political problems of state governments: weak constitutional and institutional foundations; a lack of civic engagement; and long histories of unchecked public corruption. For students and citizens of state politics, the book concludes with a proposal aimed at civic literacy and action.

2ND EDITION

Federalism and the Making of America

David Brian Robertson

Some of the most spectacular political conflicts in American history have been fought on the battlefield of federalism—the division of government authority between the national government and the states—including states' rights to leave the union and responses to the problems of race, poverty, pollution, and gay rights. This indispensable text treats the politics of federalism systematically and accessibly. The new edition shows that past choices shape present circumstances, and that a deep understanding of American government, public policy, political processes, and society requires an understanding of the key steps in federalism's evolution in American history.

2ND EDITION

Local Government and the States

Autonomy, Politics, and Policy

David Berman

This book offers an overview of the legal, political, and broad intergovernmental environment in which relations between local and state units of government take place. The author pays special attention to local governmental autonomy and the goals and activities of local officials as they seek to secure resources, fend off regulations and interventions, and fight for survival as independent units. Now in a thoroughly revised second edition, this book examines marijuana use, minimum wages, the establishment of sanctuary cities, and the regulation of ride-sharing companies, providing a thoughtful look at the past, present, and possibly the future of local home rule.

3RD EDITION

Tools for Decision Making

A Practical Guide for Local Government

David N. Ammons, Dale J. Roenigk

This book guides readers to mastery of a wide array of practical analytic techniques useful to local governments. Written in an easy-to-read style with an emphasis on providing practical assistance to students, local government practitioners, and others interested in local government performance, this updated third edition features analytic methods selected for their relevance to everyday problems encountered in city and county governments. This book is an essential resource for students and instructors of public administration courses on analysis, methods, evaluation, productivity improvement, and service delivery.

Budgeting for Local Governments and Communities

Douglas F. Morgan, Kent S. Robinson, Dennis Strachota, James A. Hough

Budgeting for Local Governments and Communities is designed as the primary textbook for a quarter or semester-long course in public budgeting and finance in an MPA program. Many currently available texts for this course suffer from a combination of defects that include a focus on federal and state budgeting, a lack of a theoretical governance framework, an omission of important topics, and typically a lack of exercises and datasets for student use. Budgeting for Local Governments and Communities solves all of these problems. The book is exceptionally comprehensive and well written, and represents the efforts of veteran authors with both teaching and real-world experience.

This book offers an overview of the legal, political, and broad intergovernmental environment in which relations between local and state units of government take place. The author pays special attention to local governmental autonomy and the goals and activities of local officials as they seek to secure resources, fend off regulations and interventions, and fight for survival as independent units. Now in a thoroughly revised second edition, this book examines marijuana use, minimum wages, the establishment of sanctuary cities, and the regulation of ride-sharing companies, providing a thoughtful look at the past, present, and possibly the future of local home rule.

Managing the Sustainable City

Genie N. L. Stowers

This new textbook provides a comprehensive overview of urban administration today, from the unique demographics of cities, local government political structures, intergovernmental relations, and the full range of service delivery areas for which cities are ever more responsible. The book highlights two important components of city management today—the use of technology and measuring performance for accountability, along with NASPAA accreditation standards and competencies. Managing the Sustainable City is an ideal textbook for students of public administration, public policy, and public affairs interested in learning how cities can be sustainable.

3RD EDITION

Tools for Decision Making

A Practical Guide for Local Government

David N. Ammons, Dale J. Roenigk

This book guides readers to mastery of a wide array of practical analytic techniques useful to local governments. Written in an easy-to-read style with an emphasis on providing practical assistance to students, local government practitioners, and others interested in local government performance, this updated third edition features analytic methods selected for their relevance to everyday problems encountered in city and county governments. This book is an essential resource for students and instructors of public administration courses on analysis, methods, evaluation, productivity improvement, and service delivery.

2ND EDITION

A Citizen's Guide to Terrorism and Counterterrorism

Christopher C. Harmon

Series: Citizen Guides to Politics and Public Affairs

Written for the American citizen, this book covers the problem of terrorism and its newest developments, including the evolution of the Islamist threat and the rise of right-wing racism within our borders and overseas. In a departure from other volumes written for a broad audience, Harmon also focuses on counterterrorism, closely surveying the major tools now in use—or recommended—for responding to terrorism today, such as intelligence, diplomacy with partner countries, policing, economic sanctions, and targeted force.

4TH EDITION

Global Terrorism

James M. Lutz, Brenda Lutz

Global Terrorism, 4th edition continues to provide students with the most comprehensive introduction to terrorism as a global phenomenon. It introduces students to history, politics, ideologies, and strategies of both contemporary and earlier terrorist groups. Written in a clear and accessible style, each chapter explains a distinctive aspect of terrorism and discusses a wide variety of detailed case studies from around the world. The unique combination of a genuinely historical focus and truly global coverage makes this an ideal introductory textbook for anyone interested in the study of terrorism.

9TH EDITION

Terrorism in the Twenty-First Century

Cynthia C. Combs

Terrorism in the Twenty-First Century helps readers understand terrorism, responses to it, and current trends that affect the future of this phenomenon. Putting terrorism into historical perspective and analysing it as a form of political violence, this text presents the most essential concepts, the latest data, and numerous case studies to promote effective analysis of terrorist acts. Terrorism in the Twenty-First Century objectively breaks down the who-what-why-how of terrorism, giving readers a way both to understand patterns of behavior and to more critically evaluate forthcoming patterns.

10TH EDITION

Urban Politics

Cities and Suburbs in a Global Age

Myron A. Levine

Urban Politics, 10e blends the most insightful classic and current political science and related literature with current issues in urban affairs. Each chapter has been thoroughly rewritten to clearly relate the content to current events and academic literature, including the importance of the intergovernmental city and the prospects for urban policy and change in and beyond the Trump administration. Mixing classic theory and research on urban politics with the most recent developments and data in urban and metropolitan affairs, *Urban Politics*, 10e is an ideal introductory textbook for students of metropolitan and regional politics and policy.

Foreign Policy Issues for America

The Trump Years

Edited by **Richard W. Mansbach, James M. McCormick**

Series: *Routledge Studies in US Foreign Policy*

This volume focuses on the sensitive foreign policy issues that have faced the Trump administration and which will determine the prospects for American decline or continued hegemony. Contributions are divided into "regional" and "functional" issues, exploring the nature and significance of the challenge, the previous response and President Trump's policies and their consequences. Topics have been selected to address political, military, economic, and social factors in global politics and the book will appeal to undergraduates and scholars of US foreign policy at all levels.

Human Rights and U.S. Foreign Policy

Prevarications and Evasions

Clair Apodaca

Series: *Routledge Studies in Human Rights*

Through a series of chapters devoted to U.S. presidential administrations from Nixon to the present, Apodaca delivers a comprehensive examination to understand the development and implementation of U.S. human rights policy. For each administration, she pays close attention to how ideology, bureaucratic politics, lobbying, and competition affect the inclusion or exclusion of human rights in the economic and military aid allocation decisions of the U.S. In doing so, she argues that the history of U.S. human rights policy unfolds as a series of paradoxes that are the result of Presidential preferences, conflict, and cooperation among bureaucratic actors, and of various political events.

Ideologies of American Foreign Policy

Edited by **John Callaghan, Brendon O'Connor, Mark Phythian**

Series: *Routledge Studies in US Foreign Policy*

A comprehensive account of ideology and its role in the foreign policy of the USA, this book investigates the way US foreign policy has been understood, debated and explained in the period since the US emerged as a world power, on its way to becoming the world power. Starting from the premise that ideologies provide explanatory patterns or frameworks from which meaning can be derived, the authors study the relationship between ideology and foreign policy, demonstrating the important role ideas have played. Bringing a neglected dimension into the study of US foreign policy, this book will be of great interest to students and researchers of US foreign policy, ideology and politics.

7TH EDITION

National Security

Donald M. Snow

The seventh edition of this highly successful textbook analyzes the history, evolution, and processes of national security policies. It examines national security from two fundamental fault lines: the end of the Cold War and the evolution of contemporary terrorism since 9/11. The book considers how the resulting era of globalization and geopolitics guides policy, covering everything from the global to the individual with the nation at its core. This book will continue to be highly beneficial to students and scholars working and studying in Security studies, Military and Strategic studies, Defence studies, Foreign Policy, US Politics and International Relations.

2ND EDITION

US Foreign Policy in Action

An Innovative Teaching Text

Edited by **Jeffrey S. Lantis, Patrick Homan**

This book represents a timely exploration of the dynamics of United States foreign policy development. It introduces historical developments and theories of U.S. foreign policy and engages students in the politics and debates of the foreign policy process (both directly, and by proxy) through innovative learning exercises. This book offers a rich understanding of the politics behind clashing perspectives towards contemporary foreign policy challenges ranging from immigration policy controversies to COVID-19 pandemic responses, climate change to the China trade war. The book is intended to serve as a core text for classes on U.S. foreign policy and will appeal to a broad audience.

A Citizen's Guide to the Political Psychology of Voting

David P. Redlawsk, Michael W. Habegger

Series: Citizen Guides to Politics and Public Affairs

This book offers a way of thinking about how voters make decisions that provides both hope and concern. Can voters do a "good enough" job of processing vast amounts of election information even if they fail to account for everything during the campaign? Here, Redlawsk and Habegger portray a wide variety of voter styles and approaches in vignettes that connect the long tradition of voter survey research to real life voting challenges. They explore how voters search for political information and make use of it in evaluating candidates and their positions. For citizen voters, students and scholars, their results should encourage regular turnout for elections now and in the future.

A Profile of the American Electorate

Partisan Behavior and the Need for Reform

Matthew L. Bergbower

A Profile of the American Electorate takes an extensive look at the political foundations and behaviors of citizens, yesterday and today. Presenting decades of data on voter choice, voter turnout, and public opinion in a way that is clear and accessible for students of political science, the book uniquely emphasizes the importance of voting, socialization, and reform measures to enhance good citizenship. It explores how Americans become conservative or liberal, why some vote and others stay home, their knowledge of politics, how polarized the public has become, and the complex motivations behind their vote choices.

5TH EDITION

Is Voting for Young People?

Martin P. Wattenberg

This book explores the reasons why young people are less likely to follow politics and vote in the United States (as well as in many other established democracies) no matter who the candidates are, or what the issues may be. This brief, accessible, and provocative book suggests ways of changing that. For the first time since its original publication in 2006, each chapter has been thoroughly updated to reflect the most recent available data. A new chapter has also been added on the Young People and Politics in the Trump Era.

Why Vote?

Essential Questions About the Future of Elections in America

Daniel M. Shea

For nearly 200 years, Americans have pinned the democratic character of their system on elections. We have become an election-crazed nation, ever-hoping that the next grand contest or fresh candidate will save the day. But the system is being contorted by a novel brand of partisan polarization, voter access limits, out-of-control social media, declining objectivity, outside interferences, a hyper-partisan press, and more. We've reached a precarious moment in the history of our democracy and it is no stretch to say the future of the republic is at stake. This lively, accessible book tees up a new way of thinking about the future of elections—and beyond—in America.
